

Happy School To Vote on Bond Issue

The Happy School Board met in special session Monday night, May 31st, to consider a petition signed by 76 resident taxpaying voters and presented to the board. The petition called for an election to be held to decide whether or not the Happy Independent School District should issue bonds in the amount of \$250,000 for the purpose of erecting a grade school building and auditorium. Architects have submitted preliminary cost estimates of the building program which are considerably below this figure and it is doubtful if the full amount of the bond issue would be required.

The school board set the election for June 12th and public notices were posted in Happy.

In order to ascertain what interest rate the district would have to pay on the bonds, 13 different bond and investment companies were invited to submit bids on the proposed bonds. At a subsequent special board meeting, June 2nd, eight investment concerns were represented at the meeting and submitted sealed competitive bids.

The lowest bid was submitted by Columbia Securities Corporation and First of Texas Corporation, both of San Antonio. These firms submitted a low bid of 2.8371% which was considered an exceptionally low interest rate.

In order to make a comparison, the board investigated recent bond issues of surrounding districts. The most recent of these was a school bond issue at Farwell which sold at a rate of 3.07%. The saving in interest the Happy District would make over this rate of interest is in excess of \$8,000.

The school board urges every qualified voter of the district to go to the voting place, which will be the Happy City Hall, Saturday, June 12th, and vote.

Marie Cooper Takes First at State Meet

On Monday evening Marie Cooper won first place in competition against representatives from the nine districts of Texas at the State Delegates Convention held in Ft. Worth.

Joan Byars Conner, model for Mrs. Cooper, was entered as "The Golden Spread" and wore a wheat costume which was designed with a golden satin bias.

Joan and Marie will represent Texas in the Parade of States national convention to be held in Los Angeles in July.

This is another honor added to the recognition that has been given Marie's styling and hair dressing the past few months especially. Among recent honors have been placing and winning a medal at the national in New York and honors against international competition at that meeting. Then she was platform worker making demonstrations at each place that Americans demonstrated on the recent tour made of leading hair stylists in Europe.

Building Occupied By Don's Cafe Has Been Removed

Don's Cafe at the corner of Fourth Avenue and Highway 87 has been razed to make room for a new service station.

The station is being erected by an Amarillo firm and is under lease of the Humble Oil Company, which is entering the local market for the first time. A tourist court is planned for the back of the station.

The location was formerly occupied by Bob's Coffee Shop, which was sold to Don's Cafe. A fire in the building was discovered a few weeks ago before Don Cloward had removed his furniture which he planned to place in the Weaver building. Mr. Cloward has since bought the Cowboy Cafe and is operating this eating place.

RETAIL MERCHANTS ASSOC. UNDER NEW MANAGEMENT

R. B. Allen has bought the Retail Merchants Association that has been owned and operated by Joe Thompson. Mr. Allen is expected to make an announcement soon concerning plans and policies to be adopted by the organization under his direction.

MARRIAGE LICENSES

Odus Jasper Huesties to Miss Shirley June White, June 1.
David Lee Evans to Miss Betty Louise Elliott, June 3.
Phillip Dale Boothe to Miss Mary Elnora White, June 3.

M. Sgt. and Mrs. James H. Scott and four sons arrived Friday to spend ten days in the home of her parents, Mr. and Mrs. Guy B. Tabor. They are enroute from Camp Polk, La., to Sgt. Scott's new assignment at Ft. Bliss.

J. B. Watson of Floydada visited in the A. L. Watson home Sunday.

The Canyon News

Fifty-Ninth Year

Canyon, Texas Wednesday, June 9, 1954

Number 9

Give Fire Alarm Procedure, Issue Traffic Warning

City Secretary Dudley Bayne is seeking more complete information by those people who have occasion to call in a fire. In several instances information about fires has been so slight that firemen could not find the scene of the blaze.

The following is the information which is needed by firemen when a fire is being reported:

If the fire is in town, give the address, name of resident, and type of fire.

If the fire is in the country, give the name of the resident and definite and complete directions for reaching the fire.

Bayne said that all houses in town should have the correct house number by now and that any of these places could be quickly reached in case of fire if the correct information is given when it is reported.

The city secretary also cautioned against people following the fire trucks to a fire. He said that this causes undue hazards to the firemen and the sight-seeer. Bayne added that all violations of traffic rules and regulations by anyone following the fire trucks would be prosecuted.

Local Woman Is Working to Buy Television Set

Mrs. Mary E. Boyce has taken the campaign to buy a new television set for the Abilene State Hospital very much to heart. Mrs. Boyce was the first donor to the fund, and Saturday brought in six more contributions. She has been at work on the project and promises to bring in more money.

Donations turned in Saturday by Mrs. Boyce came from Mrs. J. W. Hinington, Mrs. C. M. Dowlen, G. C. Crosby, R. L. Grigsby, J. C. George and F. E. Scott.

Streetman To Work on Advanced Degree

A research assistantship in forage crops has been awarded a West Texas State College senior agriculture student by Texas A & M. L. J. Streetman of Rotan will begin work toward his masters degree at College Station in September.

Streetman, who accepted the Texas A & M award in preference to a similar assistantship at North Carolina State, expects to complete work on his B.S. in agriculture in August. He is the third summer graduate at WT to receive a fellowship for advanced study.

A member of Alpha Chi, national collegiate honor society, Streetman entered WT in 1952, following two years' service in the Navy and two years of work for the Westinghouse Electric Corporation in Houston. At Rotan High School, he won the Herff Jones award as outstanding senior vocational agriculture student, and he was named the outstanding boy in the junior class.

Streetman is married to the former Jo Ann Rainsback, a WT graduate formerly of Dalhart. They have two children.

The award winner hopes to continue research work at one of the state experiment stations following his study at Texas A & M.

Two Local Boys To Visit Austin

Two local boys will leave here this week-end in time to be in Austin Sunday, June 13, and remain through the 19th to observe Boys State. The two selected by three local civic clubs, Lions, Rotarians, and American Legion, are Baile Jack McCormick and Ken Kuykendall. Both are juniors from Canyon High School.

Boys State is a system whereby youths of today study our system of government. During their stay in Austin they hold elections; select all state officials, and actually operate the state government for one day.

Roland Black, Commander of the American Legion, said the boys were expected to take notes on the events and bring back their findings to other youths in this area. This information will be passed on to youngsters in high school in the next regular school term which begins in September.

Mrs. Loyd Devin and boys are visiting in Iowa.

Transportation for Senior Citizens To Be Provided

Through a recent survey made by the United Church Women the fact that many senior citizens of Canyon lack transportation for necessary errands was brought out quite distinctly.

As the result of this survey the church women are eager to be of service to meet this need. The following ladies have agreed to serve as a committee to see that necessary transportation is provided.

Mrs. Fred Scott, chairman, ph. 5-3540; Mrs. K. E. Hines, co-chairman, 5-2276; Mrs. J. C. Curb, 5-3420; Mrs. W. H. McKey, 5-3057; Miss Irene Angel, 5-3638; Mrs. J. T. Cartrite, 5-4439; Mrs. H. E. Campfield, 5-2202.

Mrs. Scott will receive the call of anyone needing transportation. If you do not find her at the number listed call Mrs. K. E. Hines.

If you do not have access to a telephone, feel free to call on any one of these women who is your neighbor.

Fire Does Only \$1,000 Damage C. & M. Cafe

The C. & M. Cafe reopened again yesterday after being closed for ten days repairing the building and fixtures following the recent fire.

Carl Hair states that the fire was very, very lucky as he and his wife lost only about a thousand dollars as the result of the fire. There was no insurance.

The fire was largely confined to the kitchen, with only smoke damage to the dishes and the front part of the building.

The building has been completely overhauled and is greatly improved following the ten day close down of the business.

Standley Will Complete Course At Louisiana U.

BATON ROUGE, La.: Don E. Standley, vice president, First National Bank in Canyon, is enrolled in an intensive study course at the School of Banking of the South which ends Saturday. The entire program of the school includes three summer sessions on the campus of Louisiana State University, plus problems on banking practice and principles which must be completed between terms.

Mr. Standley is in his graduate year. Total enrollment for the 1954 session is 312 bankers from 17 states. High scholastic standards are maintained, according to Orrin H. Swayze, director of the school and senior vice-president of the First National Bank, Jackson, Miss.

Dr. William H. Baughn, associate director of the school and member of the LSU faculty, explains that the purpose of the course is to equip bankers with the knowledge they need to improve their professional ability and thereby render service to their institutions and communities.

A faculty of 66 outstanding bankers and financial leaders was assembled to teach subjects covering the full range of bank functions and operations. During the three year period, the banker-student must complete courses in agricultural economics and agricultural credit, bank public relations and community responsibility, basic economic problems, commercial bank administration, commercial bank credit, government agencies, investments, senior banking problems, special problems of small banks, and trust department procedure and practice.

Specially chosen guest speakers appear at nightly seminars during the campus sessions, in addition to a full schedule of classes each day.

Rain of .80 Of an Inch Falls Tuesday

Rain amounting to .80 of an inch fell in Canyon Tuesday afternoon late.

The rain started to fall about 5 o'clock and amounted to .60 of an inch by 6 o'clock; with 20 of an inch being added by 9 o'clock. Some hail fell in Canyon during the downpour, but no damage was reported during the early evening's fall of hail stones.

Mr. and Mrs. J. P. Hammons have just returned from Berryville, Ark., where they visited with relatives and friends. Oscar Fort of Jerome, Idaho, brother of Mrs. Hammons, accompanied them on the trip.

Canyon People Invited; Plant Inspection

Open house will be held at the new water plant of the city of Canyon on Thursday afternoon from 1 p. m. until 10 p. m. at night.

Mayor Hosea Foster and Commissioners Robert A. Bellah and Paul E. Lindsey have extended a cordial invitation to all citizens of Canyon to come to the new plant and see it in operation.

Members of the Panhandle Waterworks Association will be on hand as guests of the city of Canyon to inspect the plant during afternoon.

Dudley Bayne, city secretary, says that Saturday was the first day that the new wells were put into operation in order to keep up with the usage of water by the city. Prior to that time the smaller wells of the city had furnished all of the water called up by the citizens. The hot, dry weather caused the unusually high demand for water for gardens, lawns and air conditioners.

Allotment For 1955 Wheat Are Being Complete

Preliminary work on the 1955 wheat acreage allotments has been started in the county ASC office according to W. H. Upchurch, office manager. The total allotment for the county will not be known for a few weeks yet.

Farms on which no wheat was seeded and reported for any of the years 1952, 1953 or 1954 will not be given wheat acreage allotments for 1955, unless application in writing is filed in the county office by June 30.

Blank application forms are available at the county office for filing requests for new grower allotments.

All farms having allotments for this year's crop and where wheat was seeded for either of the years 1952, 1953 or 1954 will be automatically eligible for allotment for the 1955 crop to be seeded this fall.

No application will be necessary for a regular farm where wheat has been seeded in the past three years.

Funeral For T. H. Shipman at Wayside

Thomas Henry Shipman, 75, died Sunday evening at the Neblett Hospital. The funeral service was held Tuesday afternoon at 3 o'clock at the Wayside church, followed by interment in the Wayside Cemetery.

Mr. Shipman was a retired farmer.

Survivors include a son, a daughter, a stepdaughter, two brothers, a sister, 12 grandchildren and two great-grandchildren.

Blast Wrecks Car On Street of Canyon Thursday

A blast wrecked the car of Mr. and Mrs. R. S. Wiggins Thursday night at 1413 Third Ave. The car was operated with a mixture of gasoline and butane, and the tank had been filled Thursday.

Mr. Wiggins is with the Hobbs Drilling Company.

Mr. and Mrs. Wiggins had planned to attend the meeting of the Eastern Star that night, but changed their plans. They would likely have been in the vehicle when the explosion occurred, had they gone to the meeting.

Local Club Girls Will Visit A & M

Five Randall County 4-H Club girls will attend and participate in the annual 4-H Club Round-Up at College Station, Texas, June 8 through June 11. These girls are Betty Hoffman, Bernice Grabber, Barbara New, Mary Janssen, and Alby Ann Kuehler.

Betty, Bernice, Barbara, and Alby are members of the shrub identification team which won first place in the district contests, and Alby Ann was first place winner in the district individual dairy foods contest. The girls are going to Round-Up with Miss Lou Ella Patterson, Randall County Home Demonstration Agent.

Summer Theatre Starts on June 14 Through 16

Cast for "Yes and No," first production of the Summer Theatre season of the Palo Duro Players, to be staged June 14, 15, and 16, has been announced by Jennings Flathers, director this summer at West Texas State College.

The British comedy, by Kenneth Horne, utilizes a cast of six, with the setting in Somerset's vicarage. L. R. Reeves, Mobeite superintendent and veteran Palo Duro Player, will appear as the Rector, and Barbara Gaitner, Amarillo, who is also a long-time player, is cast as the Rector's wife, Emma Jarrow.

Others selected by Flathers include Claude Fuller, Amarillo, as the Rev. Mr. Bagshot; Aven Smith, Amarillo, as Adrian Marsh; Sandra Hartman, Amarillo, as Sally Jarrow; Pat Martin, Amarillo, as Jo Jarrow; and Ala Gene Pepper, Plainview, as Mrs. Webb.

Each night's production in the Branding Iron Theatre opens at 8 o'clock. Admission is 50 cents for children and 75 cents for adults.

"Yes and No," which has never been produced in the United States is a light drama posing the question, and supplying the answers, of what happens when a girl debates "yes" and "no" to a proposal of marriage. First act shows what occurs when the answer is affirmative, and the second act is devoted to the rejection. In the epilogue, the audience learns what actually happens and is treated to a surprise ending.

The story is begun when the Jarrow family meets a young career oilman at Torquay, a beach resort. Adrian Marsh visits the family in Somerset before setting out for Persia and proposes to Jo Jarrow.

"Yes and No" is the first of three proposed plays to be directed by Flathers for Summer Theatre at West Texas State. Other productions are planned July 6, 7, and 8, and July 27, 28, and 29.

Stork Specials

Mr. and Mrs. Earl Locke Neff of Lincoln, Neb., are the parents of a son, Terence Earl, born May 28. Young Terence Earl weighed 8 lbs. 3 ozs.

GROUP HAS PICNIC AT LAKE

Misses Geneva Devin, Mary Riley, Lorena Piper, Marylyn Johnson, Avalon Brown, and Dorothy "Lou" Brown and Carl Jennings, Pete and Wilbur Leavitt, and Gene Mickey went out to Buffalo Lake Monday evening for supper.

After everyone had all the eggs and bacon they could eat and coffee they could drink, a volleyball net was strung between two trees and a Coleman lantern was hung up so the group could see to play volleyball. One car challenged the group which came in the other car, with the group in the Mercury naturally winning over the group in the Chevrolet.

Mr. and Mrs. Paul Lentner and daughters of Roswell, N. M., were recent visitors in the homes of her mother and sister, Mrs. Bertha Rhoads and Mrs. Levi Cole.

Mrs. T. V. Reeves and Miss Irene Angel are visiting and attending to business in Albuquerque, N. M.

G. B. Heath Was Brought to the Neblett Hospital

G. B. Heath was brought home yesterday from Dimmitt to the Neblett Hospital where he will be under care of the physicians for at least three more weeks.

Mr. Heath was injured two weeks ago this afternoon while delivering a tractor to a farmer near Dimmitt. The tractor broke loose, running over him. His pelvis bone was broken and he was injured internally.

He stood the trip home fine, and is making a rapid recovery, according to his son-in-law, Luther Lawless.

Mr. Heath was unconscious as the result of the accident but managed to attract attention of a passer by who took him to the Dimmitt hospital.

According to present medical advice, he was brought to the Neblett Hospital where he will be under treatment for about three more weeks. The "No Visitors" sign will be on his door until such a time as the doctors are convinced that Mr. Heath is out of danger.

Hot Winds Do Wheat Damage General Report

The wheat crop was somewhat damaged by the hot winds of the week-end, when there was a continued blow of hot winds from the Southwest from Friday through Sunday.

According to observers this wind was especially hard on late wheat which had not developed to reach the ripening stage.

According to the Wheat Harvest Bulletin issued Monday by the government, it is stated that "Deaf Smith, Randall and Armstrong counties have received scattered hail damage in each county. The area covered were not large, but some growers report damage was almost 100%. The continued rains are improving the yield and quality prospects. Harvest should begin about June 20."

Ray McReynolds, who operates the Bushland Co-op Elevator, stated Tuesday that little hail had fallen in the Northwest part of the county. The hail loss is largely confined to small areas west of Canyon, to the South and Southwest and to the Northeast section of the county which section was hit the hardest by hail early in the season. He predicted that by June 20 harvest should be underway in the Northwest part of the county, with some wheat being cut a little earlier.

Right-Most of the Time in Editorials

Rev. Edgar Irvine stopped by The Canyon News office Tuesday to drop a word of encouragement. "I read every word on your editorial page, and agree with most of your editorial expressions," stated Rev. Irvine.

Such kind words of appreciation are greatly appreciated by the publisher.

Frankly we do not expect to always be right—or that our readers always agree with the writer.

Two Boys Caught Largest Turtle

Two boys from Amarillo caught a 21 pound turtle from the creek north of Canyon Sunday.

The boys caught a good string of catfish in addition to the turtle.

Nine More Are Needed For Trip

About nine more reservations may be made for the annual field geography tour, sponsored by West Texas State College, according to Dr. Murry B. Measamer, geography department head who conducts the tour.

More than 60 persons already have reserved places on the two chartered buses which will take students on a 26-day excursion through the eastern portion of the nation and into Canada. Last year, when a class toured the West, only one bus for some 35 students, was chartered. Demands this year brought the addition of a second class section.

First bus will leave the campus July 16, with the second group following a day behind. Both classes will meet in such major cities as Washington, New York, Philadelphia, and Boston. They return to Canyon on Aug. 10.

Six semester hours of college credit may be earned in the course, which features study at first hand of geologic formations, land forms, climate, water resources, and natural vegetation, along with agricultural and industrial developments, transportation, urbanization and population growth within regions visited.

State Group Positive on Expressway

"The people of Randall county were given to understand that the State Highway Commission would not hesitate in its demand to build the expressway, rather than a four lane highway from Canyon to Amarillo, and that 300 feet was needed for the right-of-way," states Judge Roy Joe Stevens.

All members of the Commissioners Court went to Plainview Friday to interview a member of the Commission, Marshall Formby. The decision to build the expressway was the decision of the entire state commissioners in conjunction with the advice of the State Highway Engineer, D. C. Greer, the Randall County group was told.

"It was a mistake to accept the narrower right-of-way on Northeast Eighth Street from Amarillo, but this project was set up several years ago and the present commission had nothing to do with the width of this highway," stated Formby.

No meeting of the Randall County Commissioners Court has been held since the trip to Plainview. The first meeting of the entire court will not be held until next Monday, which is the day for the regular monthly meeting.

"We were told to go back home and try to induce the voters to change their minds about the bond issue of \$750,000 to furnish the right of way. The State has set aside \$700,000 for the purpose of doing the preliminary work on the expressway," stated Judge Stevens.

In reply to the continuous statement published in the Amarillo newspapers that a petition was being circulated for a second vote on the bond issue, Judge Stevens said that nothing had come to the court. The court itself would act only when such a bond issue petition was presented.

"The take it or leave it" attitude still continues as the prevailing attitude on the State Highway Commission, and the Randall county officials were advised that neither Mr. Formby nor any of the State Highway Commission had or would change their minds about the need of the expressway with the 300 foot right-of-way.

Boys-Girls 4-H Club Meet Here

Randall County was host May 31 and June 1 and 2 to 175 4-H club boys, girls, leaders and agents at the annual District 1 4-H Encampment which was held at Camp Don Harrington. The campers were trained in safety and recreational leadership.

4-H club members from Randall County who attended were Charlene Friemel, Joyce Friemel, Alby Ann Kuehler, Gene Stocker, Jerry Roberts, and Charles Conatser. Miss Lou Ella Patterson, County Home Demonstration Agent, and John Brazzil, County Agricultural Agent, also attended the camp.

Methodist Vacation Church School Set

Beginning June 14 and continuing through June 25 three departments of Vacation Church School will be held at the Methodist Church.

Kindergarten ages will be taught by Mesdames Jerry Warren, McBroom, John Hardaway, Kenneth Clark, Joe Winstead, Sigmon, and Janet Taylor. Their theme will be "Let's Go Out Doors."

Mrs. Lawrence Brotherton will be the leader of the primary section. Her helpers will be Billene Childers, Janice Eppler, Betty Brotherton, Carolyn Measamer, and Carol Ann Holman. This group will use "Our Daily Bread" as its topic.

"Praise Ye the Lord" will be the theme for the juniors who will be guided by Mrs. Loyd Devin, Mrs. Bob Bellah, and Wanette Green.

School will be held from 9 to 10:45 o'clock each morning.

Jim Hill Hotel Up Again For Public Auction

The Jim Hill Hotel in Hereford will be sold again at public auction on June 22.

The story is that when the hotel sold for \$132,000 in February, the RFC held the first lien against the property for \$199,000. Because the bidders failed to repay the debt against the property, the second trial will be made for the government to regain its investment.

If the property does not bring the total of \$199,000 on June 22, the hotel will be sold at private sale. It is reported that a group of Hereford citizens will bid as much as \$150,000 for the property, but no more.

LEAVES FOR EUROPE

Oscar Schuette will leave Sunday for a visit with relatives in Germany. He will embark to return home on August 12.

EDITORIAL COMMENTS

The Canyon News Was Quoted By Anti-Shivers Sheet

Of all things!

Just consider the number of "LOYAL" Democrats in Texas, and then see *The Canyon News* quoted in the first issue of *The Texas Democrat*, which is published as an anti-Shivers sheet.

Let's get this question straight: While *The Canyon News* supported the candidacy of Eisenhower long before Governor Shivers took charge of the Texas campaign, we were not in any way connected with the campaign because the Governor decided to follow the General instead of being led astray by Governor Stevenson.

Governor Shivers did not break with Stevenson until after he made a trip to Illinois to beg Stevenson to support the tidelands bill. When Stevenson refused, Shivers came out for Eisenhower.

Those who supported Stevenson from Texas took the attitude of "To hell with the tidelands. We are Democrats—regardless of whom the Democrats run for President." That was their right and privilege to feel that way, but we have the idea that the federal government should be as honest to the people of Texas as the federal government expects and demands that the people of Texas be to the federal government. It was as legal and lawful for the people of Texas to steal from the federal government as it was for the federal government to steal the property of Texas which was granted to the State of Texas when she joined the Union of States. Two wrongs do not make a right; and a steal is a steal.

When Eisenhower said that he supported the federal government being fair to Texas, and Stevenson approved the steal of the tidelands from Texas, right there we parted company with the Democratic nominee.

The Texas Democrat publishes its slogan: "Loyalty, integrity, honesty, service."

"Loyalty" to what or to whom?
"Integrity" to what or to whom?
"Honesty" to what or to whom?
"Service" to what or to whom?

So far as we see it, all of these words may be summed up in a few words: Brass collared Democrats!

So far as we are concerned, we wear the brass collar for no party. The time was when we thought that if a Democrat was running, it was our sworn duty to support that Democrat regardless of his "Loyalty, integrity, honesty or service." Fortunately we have long ago discovered that all Democrats are NOT loyal, or full of integrity, entirely honest, or are willing to render service.

The Texas Democrat, so called newspaper, devoted its four pages to taking the hide off Governor Shivers. Why? Because Shivers has the audacity of running for a third term, which is against Democratic principles in Texas. Yet, we are of the opinion that if Franklin D. Roosevelt were alive today the same bunch of men would be hollering their heads off trying to elect him for a sixth term—or would it be for an eighth term in office?

So far as Governor Shivers is concerned, *The Canyon News* is free to criticize him when we consider that he is wrong; and to applaud him when he is right.

We are not sitting on the knee of Governor Shivers in a Charles McCarthy fashion repeating the words which the Governor utters.

And Governor Shivers is not an indispensable man in any sense of the word. If he is elected for a third elective term, he will be our Governor and we shall continue to give him our best service as we have in the past.

As for *The Texas Democrat*, we have little fear that the people of Texas will swarm in droves to subscribe for a political sheet which promises in advance not to publish more than two months, which will coincide with the political campaign for Governor in Texas. Naturally the subscription rate is quoted for the coming year, but who is silly enough to think that the paper will continue publication after the July primary?

Stern Retribution Meted Out To Those Who Break Lord's Law

Time and again the warning has been sounded that "Whoever a man shall sow, that shall he also reap."

The Canyon News printed the warning years ago that when Catholic priests were being tortured and punished by orders of Hitler and Stalin, the same thing would happen to Protestants.

This warning has been enacted in full furor.

It is of more than passing interest to see the fate of those who have carried out this torture. Of the 23 men who persecuted Catholic Cardinal Mindszenty, all have died of the same kind of agonizing death as meted out to the Cardinal.

The scriptures have proven to be right so many times! Always right.

Individuals who spend most of their time talking about other people seldom amount to anything.

Politics and politicians should spare the church, but unfortunately it is often the prey of both.

Enough money can buy anything, with the exception of peace of mind and conscience.

Canyon people should patronize Canyon stores; this even applies to the owners of stores.

When the world entirely fits your notions, you will be the only person on it.

In another month most of us will be ready for a return of cooler weather.

The average business man has a racket, whatever else he might like to call it.

People are unpredictable; some are even accurate when they make a statement.

We know of no one who couldn't solve the world crisis, given the proper authority.

This summer, like every other summer, a number of good swimmers will drown.

Friendship is something few people understand, or enjoy from their "friends."

Social Security Adds Millions; Yet Branch Is Out of Money

We heard a statement the other day which disturbed us no little. The source of this statement came from a widely known business man who said that while the Republican administration was trying to add 10 million more people to the Social Security rolls, that the government was out of Social Security money and those who were now receiving such money were dependent entirely upon the whims of Congress to furnish the funds.

No doubt this is true and correct.

We have known that no reserve has been set up for payment of this debt as in the case of the States where teachers retirement has been the rule for years.

Every cent of money which is collected by the federal government, regardless of its source, goes into the treasury and is spent by appropriations by Congress.

Every time any of us runs to Washington with the view of getting money for some pet project, we must keep in mind that this money must come out of the pockets of the American people. The federal government cannot print up additional money with which to pay any kind of an appropriation, or our dollar would shrink far below the present value of 50 cents, or 52 cents, or whatever it is worth today.

When sound money comes back, we shall see all kinds of prices cut half in two. One of the reasons FDR was willing to depreciate the value of money was to kid the people into thinking that they were getting as much money as ever without disturbing the value of their money.

\$82 Claimed To Be Saved For Each Person at Administration

The United States Chamber of Commerce reports the federal government has saved during the past year \$82 per capita on spending.

This means that every man, woman and child in the nation has just \$82 less of federal taxes to dig up to pay Uncle Sam's expenses.

The cynic will say: "Yes, but where is the money; I didn't get my \$82 on this fund?"

Naturally no one received a single penny of this money, but let it be remembered that the tax bill for each of the 166 million persons in this nation has been reduced an apportionment amount. Perhaps not all persons received their proportionate share since not every person in the nation made the same amount of money in 1953 as they did in 1952. A war was being fought and federal spending, with higher wages and federal spending was in vogue in 1952 over that of 1953.

Any saving is worthwhile, regardless of its source, or to whose pocket is saved this amount of money. The federal debt is still too high, just keep this in mind.

Dentists Take Stand Against Tooth Paste Propaganda

The dentists have at long last taken a hand in the numerous claims of tooth pastes.

There is no such animal as a sure shot cure for prevention of tooth decay as claimed in highly advertised tooth pastes.

"Contrary to what the advertisements say, there is no lifetime protection against decay unless you continue taking good care of your teeth," claims an authority on the subject of decay.

It is time that some authority do something about all of the furor which has been raised against these sudden and swift campaigns to put an end to tooth decay.

There's too much debate over what will be best for the farmer, and too little being done about the plight of farmers, which continues to remain serious.

Contrary to what some radio oracles hold, the world will not fall apart at the seams if the Reds win most of Indo-China.

Foreign policy should be conducted on a bi-partisan basis; the parties have plenty to fight about in the domestic field.

Successful business tycoons keep learning, and pushing, after those with less drive have already decided fate is against them.

There are indications the government might increase defense spending again, and if so, worry about the recession will come to an end.

The prophets of gloom will either be sadly discredited or the next party in power.

Age improves most wine and most people, although some people take a lot of aging.

The man with the loudest mouth often wins arguments among morons.

Few industrialists believe that their concerns have made excessive profits.

And then there was a time when people were glad to have a job.

We have not been invited to be a judge at the Miss America contest yet.

Jealousy, like cancer, is often fatal, and never productive of good.

Compliments are usually thinly-veiled apple-polishing.

Few people respect intelligence, and fewer possess it.

And there are those who have never tasted boiled peanuts.

Most people feel that their neighbors have it pretty easy.

If there were no pessimists there would be no optimists.

The hardest job is the one that you put off until the last minute.

Very few jokes are new and very few joke tellers are funny.

OFF-SHORE SWIM ANNOYS

Daytona Beach, Fla. — A. W. Johnson, 63, likes to swim and indulges himself in a swim a half-mile from shore. On the complaint of lifeguards, that every time Johnson swims so far from shore, a crowd gathers on the beach, lifeguards have to devote their attention to Johnson rather than to persons closer to shore who might need real assistance. Johnson has been arrested on a disorderly conduct charge and summoned to court.

CORNERSTONE STOLEN

Trenton, N. J. — The day after the cornerstone for the new women's dormitory at the New Jersey State Teachers College was laid with solemn ceremonies, someone looked and discovered that persons unknown managed to slip the 200-pound limestone block from underneath two layers of brick and concrete. The cornerstone held mementoes of this age—daily newspapers, the school paper and college programs.

THEY WERE "WAVING" MAD

Tulsa, Okla. — Two men in a local tavern had such a terrific argument that it ended in a stabbing, sending one of them to the hospital, but not a sound was heard. Both of the men are deaf mutes and they argued in sign language.

PATIENT-MEDIC REUNION

Oak Ridge, Tenn. — Imagine the surprise when Dennis Seiber, labor foreman, recently learned that Frank Haney, a laborer working for him, is the "medic" who had saved Seiber's life on Luzon Island during World War II in the Philippines. Both had been working here for a year and a half.

Pakistan and the United States have signed an agreement for American military and technical aid for defense only.

FATHER, SON RETIRE SAME DAY

Oakland, Cal.—Benjamin Adams of Oakland and his son, William E. Adams, of Walnut Creek, began drawing Federal old-age social security benefits simultaneously. On May 1st, they retired and turned over management of Benjamin Adams & Sons to third-generation members of the family. The father is 94 and the son, 69. Each will receive the maximum payment of \$85 a month.

STRANGE FEET

Miss A — It's a pity how snobbish that Barnes girl has become since she was accepted at the ballet.

Mr. S. — Yes, it seems as though her dainty feet have gone to her head.

Winner of FIRST PLACE in the Panhandle Press Association contest for editorials in 1952.

Winner of FIRST PLACE in the Texas Press Association contest for column writing in 1952; second in the State in General Excellence.

LEAD SINKER KILLS BOY

Sacramento, Calif. — It was Henry Wetter's 15th birthday and he'd just caught a fish. As he straightened up to try again, a 2-ounce lead sinker, cast by 11-year-old Norman Freeman, struck Henry in the head. He was dead on arrival at a hospital.

Ireland will be ruled by a coalition Government under John Costello, following the defeat of Prime Minister De Valera's party.

\$35,000 FORGOTTEN?

Sacramento, Calif. — More than five years ago a San Diego woman deposited \$35,000 in a Los Angeles bank and apparently forgot all about it. Under the law, the money, with 129 other "dead" accounts totaling \$319,000, was forfeited to the State of California.

The two-price system for dispersal of farm surpluses, once rejected by the Eisenhower Administration, is now being used.

T. A. BLACK

What people DO with vacations, and what they SAY they're going to do, are about as far apart as how much money we plan to save each month and how much the bank statement shows we have on hand.

One very energetic woman we know swears she's going to spend the summer in a hammock in Virginia. When pressed, however, she'll admit that she wears her family down to a nubbin after two weeks of rest. Says they think all winter, when she's away teaching, that they'd love to have her home all the time. But by July

1 they're asking her when school opens.

Then there's the opposite extreme: the one who thinks she'll get the kitchen painted, new curtains made for the bedroom, all the closets, desk drawers and storage spaces cleaned out. In addition, while there's no school routine, she plans to make half a dozen dresses and all kinds of Christmas gifts. But chances are ten to one the rocking chair gets hold of her early in the summer and never lets go.

One of the greatest things about summer vacations, is the chance they give for a change of pace. If we're fast flyers all winter, we can slow down to a lazy summer stroll from June to August. If we hibernate during the cold months, we can get into sunbaked dresses and fight a golf ball in the hot sun, or swim, or weed the flower beds until our flabby muscles ache.

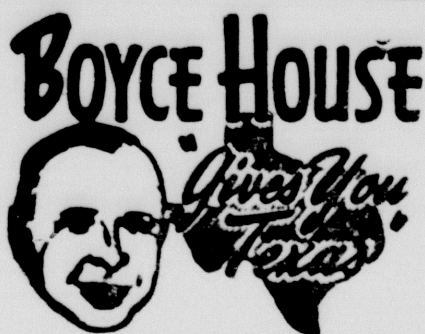

Doesn't really matter much HOW we spend a vacation. It's doing something different that makes it fun.

More about the "Big Bar of Arkansas" as he holds forth in his modest way:

When the Big Bar told about having shot a wild turkey weighing forty pounds, a cynical-looking Hoosier asked, "Where did that happen?" The reply was:

"Happened in Arkansas. Where else could it have happened but in the creation state, the finishing-up country—a state where the soil runs down to the very center of the earth and the government gives you a title to every inch of it! Why, stranger, just breathe Arkansas air and it will make you snort like a horse. It's a state without a fault."

"Except mosquitoes," said the Hoosier.

The Big Bar replied, "Mosquitoes is Nature and I never find fault with her. If they are large, Arkansas is large, her varmints are large, her trees are large, her rivers are large. A small mosquito would be of no more use in Arkansas than preaching in a cane-brake."

Next, he got onto the subject of bears and bear hunting:

"My dog, Bowie, Knife, thinks the world is full of B'ar, he finds them so easy. It's lucky he don't talk as well as think-for, with his natural modesty, if he should suddenly find out how much he is above other dogs, he would be astonished to death in two minutes. I never could tell whether he was made expressly to hunt B'ar or whether B'ar was made expressly for him to hunt."

A listener inquired, "What season of the year do your hunts take place?"

"The season for B'ar hunting, stranger," said the man from Arkansas, "is generally all the year 'round. I read that varmints have their fat season and their lean season but that is not the case in Arkansas. Feeding as they do on the spontaneous productions of the soil, they have one continued fat season the year 'round—though, in winter, the critters, is rather more greasy than in summer. I admit."

"For that reason, Arkansas B'ar run in warm weather but in winter they only waddle. Fat, fat! Run an Arkansas B'ar in his fat condition and the way it improves the critter for eating is amazing. It

sorta mixes the oil up with the meat till you can't tell t'other from which.

"I recollect one purty morning I put an old he-fellow on the stretch and, considering the weight he carried, he run well. But the dogs soon tired him down and, when I came up to him, wasn't he in a beautiful sweat, his sides sinking and opening like a bel-lows!"

"I blazed at him; and, pitch me naked in a briar patch if the steam didn't spout out of that bullet hole ten feet! I have no doubt if that B'ar had kept on two miles further, his insides would have been stewed."

"And I expect to meet with the varmint yet, of extra bottom, who will run himself into a skunkful of B'ar's grease, ready for use!"

Fate steals along with silent tread,
Found oftenest in what we dread;
Frowns in the storm with angry brow,
But in the sunshine strikes them low. —Cowper.

WHAT?

"Robert," chided mother, "why are you always wishing for things you haven't got?"
"Why, mother," retorted the thoughtful lad, "what else can I wish for?"

ONE TRACK MIND

"In times of trial," said the preacher, "what brings us the greatest comfort?"
And from the back row came an answering voice, "An acquittal!"

I perceive

That fear is like a cloak which old men huddle
About their love, as if to keep it warm. —Wadsworth.

They who await no gifts from chance, have conquered fate. —Matthew Arnold.

A Tribute To Our Town!

HOSEA FOSTER
Mayor

PAUL LINDSEY
Commissioner

BOB BELLAH
Commissioner

Sometimes there are "acres of diamonds" on our very doorstep. That is how we feel about OUR TOWN. Wonderful people. Fine stores and services. Grand organizations and clubs — for men, women and children. Healthy, happy, secure youngsters going to good schools. Yes, we have EVERYTHING in OUR TOWN for which to give thanks.

This marks the beginning of A Tribute to Our Town, and for what it stands. We hope you will single these out . . . joining with us in paying tribute and respect to a fine, typically American community . . . OUR TOWN!

AAUW Holds Year's Final Meeting Monday

Reports on the year's work highlighted the luncheon Monday which was the last meeting of the year for Canyon's branch of the American Association of University Women. Some 43 members and guests attended the meeting in the Blue Room of the West Texas State College cafeteria.

Table decorations by the social committee were spring flowers, with "fellowship" place mats and foreign dolls symbolizing the AAUW fellowship students from abroad. Miss Elva Fronabarger gave the invocation and Keith Gaede, West Texas State student from Muleshoe, sang.

A report on the Southwest Central Regional AAUW conference in St. Joseph, Mo., was given by Mrs. Charles Harter, retiring president, and Mrs. Dan Sanders. Conference theme was "Making the Branch Program Work." Local committee reports were given by Dr. Ruth Lowes, education; Dr. Hattie Anderson, fellowships; Miss Jane Darland, legislation; Mrs. John Davis, program; Mrs. Alma Perkins, arts; Mrs. Sanders, membership; and Miss Darthula Walker, international relations.

Mrs. Bill R. Lee, newly elected treasurer, made a financial report. Incoming president for the new year is Mrs. Lowell Harrison.

Members and guests present were Mesdames Harter, Davis, Lee, Perkins, Sanders, Harrison, Gorton Rushmer, Cecil Sims, Sidney Burgess, Hope Rusk, J. B. Seale, Joe H. Bailey, Ples Harper, A. W. Mack, L. B. Penick, Gladys Dixon, Ethel Mullins, Tom H. Knighton, Joe Findley, R. A. Neblett, Rex Reeves, Jim Pickens, and Janet Blasdel.

Dr. Anderson, Dr. Lowes, Dr. Letha Boswell, Dr. Ima Barlow, and Misses Fronabarger, Walker, Darland, Linnie Babston, Bertie Mae Williams, Gladys Armstrong, Sarah Thompson, Ruth Cross, Ada V. Clark, Claudia Neelley, Mary Moss Richardson, Matilda Gaume, Martha B. Mullins, and Debbie Shaw.

Dr. Lowes, in her report, recommended that two projects of her education committee be continued. They are the American Heritage Project and the education program of the American Cancer Society.

DUTIES OF COUNTY OFFICIALS

EDGETOWN H. D. CLUB STUDY
The Edgetown Home Demonstration Club met Friday, May 28, in the home of Frances Hacker.

A game of Charades was played for the opening exercise. The roll call was answered with a club program idea. The yearbook committee voted on a unified course of study for the coming year, with one elective program.

Miss Patterson will be unable to meet with the club next month so the Edgetown club and Central club will have a joint meeting on the 25th. The meeting place will be decided at a later date. Program for the 25th will be given June 11th.

Judge Roy Joe Stevens gave an interesting report on the duties of a county judge, followed with a questioning period by the members of the club.

A THDA council report of club members' various activities was filled out by president Mary Jo Robinson.

Refreshments of lemon dessert, nuts, Ritz sandwiches, and iced tea were served to Margaret Harrison, Shirley Lehnick, Tinnie Dora McAtee, Mary Jo Robinson, Joyce Taylor, C. H. Stratton, and the hostess.

The next meeting will be June 11th in the home of Margaret Harrison.

CENTRAL H. D. CLUB MEETS WITH MRS. FRANK PHILLIPS

Central Home Demonstration Club met May 28 in the home of Mrs. Frank R. Phillips. Miss Lou Ella Patterson demonstrated recipes for using ground beef.

There were seven members and two guests present. On June 11 the club will meet in its next meeting at the home of Mrs. K. E. Hines.

Help Keep Canyon Clean!

Latest Rumors From Political Front of Nation

American observers have their eyes on Russian MIG's of the Communist Chinese Air Force that are crowded on airfields of Haninan Island off the coast of Indo-China. If those MIG's jump into the war, that can be the signal to bring U. S. into the fight with "massive retaliation."

George Humphrey, Treasury Secretary, has received no word that the President is prepared, as of now, to ask for an increase above planned expenditures on the armed services. There is no conflict at this time between the military services seeking more money and the civilian officials most interested in budget problems.

Charles E. Wilson, Defense Secretary, came back from a trip to the Far East convinced that U. S. military commanders are right in their conclusion that the Indo-China war—at this point—is more a political than a military problem. One high officer refers to the war as 90 per cent a political problem, 10 per cent military.

Arthur Flemming, Defense Mobilizer, is unlikely to order printing of ration books, even for stockpiling purposes, because of concern that people might interpret this as a preliminary to war. There has been some study of the ration book problem, but no action.

American technicians sent to Indo-China to help the French forces service military aircraft are being withdrawn as scheduled, although the French would like to have them stay as at least a symbol of American involvement in that war.

President Eisenhower has let friends know that he feels he is doing the right thing in pushing for an armistice in Korea even though this action may have encouraged the Communists to press harder in Indo-China, where the French bear the main burden.

Planners in the executive branch of Government are set to oppose revival of the excess-profits tax in event war comes again. This tax is in low repute and will be avoided if possible by tighter rules on renegotiation and by increased tax rates for all taxpayers.

Anthony Eden, Britain's Foreign Minister, is not so popular with American diplomats as he was before the Geneva Conference. The Americans seem to think that Mr. Eden was too adept at shifting his ground.

Opinion polls taken privately in Germany reveal that in the 16 to 25 age group—the one affected by any draft—63 per cent are ready to serve unconditionally in a war.

MRS. P. L. PITT IS HOSTESS TO VARIETY RING MEETING

Variety Ring members and guests were entertained in the home of Mrs. P. L. Pitt Friday, June 4.

Garden flowers decorated the entertaining rooms where the members did needlework and visited. Roll call was answered by members telling what their childhood desire was to be when grown.

Strawberry sundaes, olives, and canapes were served to Mesdames Bobby Hogue and W. L. Rice, visitors, George Barker, J. M. Breitling, Levi Cole, E. P. Harding, L. E. Hogue, Mae Johnson, Nina White, and the hostess, members.

Next meeting will be with Mrs. J. M. Breitling on June 18.

CORDETTES MEET IN HOME OF JENNIE MORGAN TUESDAY

Jennie Morgan was hostess to the Cordettes last Tuesday evening.

Membership booklets were distributed and it was decided that members not attending should not pay dues. After the dues were collected, the business meeting was adjourned and everyone played canasta.

Refreshments were served to Jane Harding, Norma Dawson, Louise Russell, Shirley Lehnick, Lavon Fassauer, Del Doyle, Jane Collins, and the hostess.

against 48 per cent a year ago. For the country as a whole, 25 per cent would serve unconditionally, 49 per cent oppose service and 20 per cent would serve under some conditions.

Adlai Stevenson, 1952 presidential nominee of the Democrats, is finding his hold on the party machinery less secure than it was. Democrats in Congress—Not aligned with the party's New Deal wing—are pressing for a bigger voice and more control.

Stuart Symington, Missouri Senator, is being told by his friends that he comes from the right State to get strong consideration when next the Democrats nominate a candidate for the Presidency. If Republicans turn to the West Coast for their candidates, Democrats will want someone from the Midwest rather than the East.

Karl Mundt, South Dakota Senator and chairman of the committee investigating the McCarthy-Pentagon row, is not at all worried about his chances of re-election in November in spite of stories to the contrary. South Dakota is a runnerup to Vermont and Maine as a Republican stronghold.

Herbert Brownell, Jr., Attorney General, has been given the job of tangling with Senator Joseph McCarthy in the future, if and when there are clashes involving the executive branch. President Eisenhower prefers not to get involved.

Senator McCarthy until very recently had the inside track at the White House in job appointments in Wisconsin. Senator Alexander Wiley, who had risked his political neck for the President and who was senior Senator, often found himself ignored when jobs were being filled.

Sherman Adams, staff chief to the President, finds that Republican members of Congress remain very dissatisfied both with the volume of patronage jobs made available by the White House and with the way those jobs are being filled.

Eugene Millikin, Colorado Senator and Finance Committee chairman, is determined that Congress enact a tax-revision bill before adjourning this year. Republicans want to take no chance on having November elections produce a new Congress that would talk at ending some New Deal tax ideas.

Mrs. Sadie T. Crawley, vice-president of Blue Mountain College, Blue Mountain, Miss., has been the house guest of the Dr. J. P. Cornette's this week. Mrs. Crawley is enroute to the Orient, where she is to spend several months visiting the Philippines, Japan, China, Korea, and Indo-China.

Will Miller, lumberman from Abilene, was in Canyon visiting with his granddaughter, Mrs. James Morgan, and family and stopped at The News office to visit with Mrs. Guy B. Tabor, whom he had known since her childhood.

Mr. and Mrs. Dennis W. Burrus of Tucson, Ariz., are spending three weeks with their parents, Mr. and Mrs. Harley Burrus, of Canyon, and Mr. and Mrs. A. M. Currie of Happy.

Mr. and Mrs. Earl Childers and children of Phoenix, Ariz., Mr. and Mrs. Willard Childers and children of Slaton, N. M., Mr. and Mrs. Newton Childers and family of Cleveland, Texas, are visiting in the A. L. Watson home.

Dr. and Mrs. Roy Wilson and children of Seymour, Capt. and Mrs. Lester Smith of Crosby, N. D., spent last week-end in the Dr. Bert A. Masters home.

Wilbert H. Long, son of Mr. and Mrs. H. C. Long, received his discharge from the army at Ft. Monmouth, N. J., on June 5th after having spent two years in service.

Mrs. Jack Jouette, Bill and Jennie, of McKinney arrived Monday for a visit with her mother, Mrs. Grace McDougall.

Dr. and Mrs. Will Stout of Amarillo were Sunday guests in the Dr. Bert A. Masters home.

Preventive Law Is an Essential Says Authority

Most people seem to be in agreement regarding the value of preventive medicine—the taking of precautions to insure against bad health. However, very few stop to think that preventive law fulfills the same function with regard to the legal difficulties arising as we go through life. Competent, responsible legal advice can head off many problems, and is within the reach of everyone.

A lawyer bases his fees upon the benefit you receive from his services and upon the time and effort he has expended in your behalf. But beyond this, if you can't afford to pay the customary fee, this fact is taken into consideration by the lawyer in fixing his fee. He assumes as his first responsibility the duty of seeing that every member of the community is able to secure a lawyer's service when in need of them.

Preventive law—legal guidance to avoid errors and prevent lawsuits—is therefore reasonable in cost. It is far less expensive than the cost of trying to rectify mistakes after they have been made.

Here is an example: Mr. N. was transferred by his company and needed a house. He finally found one, an old one in poor repair. The owner told him he could have the house on a 2 year lease if he would "fix it up." Mr. N. took the owner at his word, had the house painted and repaired and moved in.

Less than three months later he received notice to vacate. The owner had sold the house over his head.

Mr. N. then sought legal advice—only to discover too late that he should have had a written lease describing the length and terms of his occupancy. Mr. N. now feels like kicking himself. He could so easily have saved himself the annoyance and expense of litigation now necessary to establish such rights as he may have.

Another example: Miss H., a business woman, lived happily in her own home. She wanted a friend to have her property upon her death. Miss H., believing she knew how to accomplish her wishes, prepared a deed to the friend, signed it and placed it in her safety deposit box. Having made the deed, she made no will.

But her friend did not get the property upon the death of Miss H. Title did not pass because the deed had not been delivered during Miss H.'s lifetime. A deed is never effective so long as the grantor may recall it at his option. This is one distinguishing feature between a deed and a will, which may be changed or revoked at any time before the death of the maker. Today several of Miss H.'s distant relatives are suing each other over the property.

A will would have achieved the desired end. Legal advice in time would have insured the carrying out of Miss H.'s wishes. These cases illustrate clearly the importance of consulting a lawyer in advance on matters involving a question of law.

PART RETURNED

Charlotte, N. C. — Larry Williams lost his wallet containing \$160 in cash and a \$400 diamond ring he planned to give to his fiancée. Someone tossed the wallet which contained William's business address, through his office door a few days later. The money was gone but the ring was still there. Williams still has a problem—he can't get married without the money.

ANOTHER PROVERB SHOWN UP
Mother (sagely) — You can't eat your cake and have it, too, you know.

Small Daughter — Well, mother, if I want cake just to look at there's plenty in the baker's window.

A DOCTOR'S LIFE

"Why did you tear out the back part of that new book?" asked the long-suffering wife of the absent-minded doctor.

"Excuse me, dear," said the famous surgeon, "the part you speak of was labeled 'Appendix' and I took it out without thinking."

CHANGE IN NAME ONLY

Ben is being taught to address his parents as "Father" and "Mother" instead of the former infant prattle of "Daddy" and "Mommy." One night he was saying his prayers and had just followed his usual practice of saying, "Lord, bless Daddy and Mommy," when he suddenly paused and in a most solemn, respectful manner, offered the following revision: "Excuse me, Lord, I should have said Father and Mother."

He paused, still a little troubled, and then added: "But, Lord, they are the same old parties."

LAST QUESTION

"Is this the speedometer?" asked the pretty girl, tapping the glass with her finger.
"Yes, dear," he replied.
"And that's the clutch?"
"That's the clutch, darling," he said, jamming on his brakes to avoid a fast approaching truck.
"But what on earth is this?" she inquired, at the same time giving the accelerator a vigorous push with her foot.
"This, dear," he said in a soft, celestial voice, "is Heaven." And picking up a harp he flew away.

TOLD OFF!

A Chinese gentleman was trying to catch a train and a porter was trying to locate his baggage. The Chinaman got very upset. Finally, as the train was about to depart, he hammered upon the counter and exploded in these words: "Pretty damn seldom where my bag go. She no fly. You no more fit run station than God's sake. That's all I hope."

THE SAME HERE

When Noah sailed the waterblue He had troubles same as you— For 40 days he drove the ark Looking for a place to park.

News In Canyon 25 Years Ago

(Taken from the files of
The Canyon News of
June 12, 1929)

Mr. and Mrs. Lee Foster entertained in honor of Mr. and Mrs. Irby Carruth who are leaving for summer school at the University of Chicago in a few days.

1200 were enrolled as students in W. T.

Dr. O. E. Monnett, head of the School of Geology of the University of Oklahoma: "The Palo Duro Canyon is a miniature Grand Canyon." Except for size, the Palo Duro has everything that the Grand Canyon ever may expect to have.

Lee Johnson, Cleveland Baker, Harris M. Cook and James Cheyne were ordained as deacons in the Baptist Church Sunday.

Walter Black, Kenneth Frieze, Tracy Service and Frank Hicks represented the Canyon Fire Department in the state meeting at Galveston.

10,000 bass were placed in streams around Canyon over the week-end by the State Fisheries.

ROOM AT TOP AND BOTTOM

Some seem to think that when a business becomes big, it has things all its own way—and that it can adopt a "like it or lump it" policy toward consumers and the rest of the business community.

A Brookings Institution report tells a very different story. Of the nation's 100 largest industrial corporations in 1909, only 36 were on that select list in 1948. The report observes that our economic system "has its own actions and reactions and its own methods of punishing the company that ceases to be competitive."

There's plenty of room at the top for concerns which give good service and please the public—and plenty of room at the bottom for those which fail to do that.

HE IS!

A bachelor is a man who would rather wash a pair of socks than a pan full of dishes.

More Than 500 at Bankers Convention

More than 500 bankers from the Southwest attended the convention held at Amarillo Wednesday and Thursday.

From the First National Bank of Canyon, Clyde W. Warwick, vice president, attended the Wednesday meeting and Mrs. Warwick accompanied him Thursday.

NESTERS TO ALASKA

Dr. and Mrs. Chas. R. Nester and two children left Friday for a vacation trip to Alaska. They drove to Seattle and will take a ship from this seaport. They will be away for about three weeks.

Mrs. C. W. Nester, mother of Dr. Nester, arrived Wednesday night to take care of the baby while the family is away.

HE ASKED FOR IT

One night a "sob speaker," with tears streaming down his cheeks and his face distorted with anguish, was telling an audience how his little Sarah Ann went home to the angels with her doggie clasped tightly in her arms.

"Oh, Lord," he sobbed, arms raised to heaven in agonizing supplication. "Oh, Lord, why couldn't you have taken me instead?"

From the rear of the hall came an eager cry. "It ain't too late, Lord; do it now."

DEFLATED

The young husband wrote home from his new job, saying:

"Made foreman—feather in my cap." A few weeks later he wrote again, saying:

"Made manager—another feather in my cap." After some weeks he wrote again, saying:

"Fired—send money for train fare."

His wife unfeelingly telegraphed back:

"Use feathers and fly home."

TOAST MARSHMALLOWS, HUH

One evening when Mary's suitor was more ardent than before, she cried: "If you don't stop, I'll call the chaperon."

"Do," answered the young man. "You call her and I'll call my friend and then we'll have a regular party."

Little Pat: "Mommy, you told me that angels have wings and can fly, didn't you?" "Yes I did," said the mother. "Well last night I heard daddy calling my nurse an angel," said Pat. "When is she going to fly?" The mother answered promptly. "Tomorrow morning, darling."

Guatemala has been reported to have under consideration a plan for bringing its dispute with the United States over the purchase of foreign arms before the United Nations Security Council.

There comes the time when a nation, as well as its people, must make the choice between tightening its belt or run the risk of losing its pants.

"Johnny, run tell your daddy to come to supper. And tell him to hurry—it'll be ready in two hours."

Stop Taking Harsh Drugs for Constipation

Avoid Intestinal Upset! Get Relief This
Gentle Vegetable Laxative Way!

For constipation, never take harsh drugs. They cause brutal cramps and griping, disrupt normal bowel action, make repeated doses seem needed.

When you are temporarily constipated, get sure but gentle relief—without salts, without harsh drugs. Take Dr. Caldwell's Senna Laxative contained in Syrup Pepsin. The extract of Senna in Dr. Caldwell's is one of the finest natural laxatives known to medicine.

Dr. Caldwell's Senna Laxative tastes good, gives gentle, comfortable, satisfying relief of temporary constipation for every member of the family. Helps you get "on schedule" without repeated doses. Even relieves stomach sourness that constipation often brings.

Buy Dr. Caldwell's Money back if not satisfied. Mail bottle to Box 280, New York 18, N. Y.

Speed Kills: Take It Easy

"Speed kills, take it easy!"

This warning was issued by Col. E. B. Tilley of Houston, president of the Texas Safety Association, who stressed the need for speed control as a curb on traffic accidents. He spoke on behalf of the speed control program the Texas Safety Association is conducting this month in co-operation with the Texas Department of Public Safety and the National Safety Council.

"More than 25 per cent of the drivers involved in fatal traffic accidents annually are violating a speed law at the time of the accident," he said.

"Because many factors enter into the making of every accident," Col. Tilley said, "it is impossible to determine to what extent speed is to blame in any single accident. However, he pointed out that we know enough about speed to make us realize that it's dynamite if used unwisely.

"For instance," he said, "a speeding car travels a greater distance between the time the brakes are applied and the time the car stops than a slower-moving vehicle. Obviously, a driver's chances of hitting an object that suddenly looms in his path increase as his speed increases.

To illustrate his point, Col. Tilley said that a car with good brakes can stop in about 21 feet after the brakes are applied from a speed of 20 miles per hour. It will take about 189 feet for the car to stop if the speed is 60 miles per hour.

"Another dangerous factor about speed," he said, "is that force of impact is increased much more rapidly than speed—at twice the speed, for example, you hit four times as hard.

"In other words," Col. Tilley said, "if your car hits a fixed obstacle when you're going 20 miles an hour it will suffer as much damage as if it were dropped from a height of 13 feet onto a concrete highway. But if you hit the same object when you're doing 60, the car will be damaged as much as if it were dropped from a 10 story building."

"It is sheer common sense that even in a country with a marked growth factor it is occasionally necessary to take one step backward before taking two steps forward. Even in dynamic America we don't always look for records each month. By eliminating the excrescences of inflation, and the ever-growing federal budgetary deficits, we lay a foundation for a continuous growth and prosperity based on technological improvements and an increment in population." —M. S. Rukeyser

Walter Tippy was amazed at the way the mystery he has been reading turned out, until he discovered that he had read up to page 123 in one book and finished the other 200 in another.

CITATION BY PUBLICATION

THE STATE OF TEXAS
TO: Myrtle M. Chiles, sometimes known as Mrs. C. E. Chiles, her heirs, assigns, and legal representatives, and her unknown heirs, assigns, and legal representatives, if any. Defendants, Greeting:

YOU ARE HEREBY COMMANDED to appear before the Honorable District Court 47th Judicial District of Randall County at the Courthouse thereof, in Canyon, Texas, by filing a written answer at or before 10 o'clock a. m. of the first Monday next after the expiration of 42 days from the date of the issuance of this citation, same being the 28th day of June, A. D. 1954, to Plaintiff's Petition filed in said court, on the 14th day of May, A. D. 1954, in this cause, numbered 2754 on the docket of said court and styled R. B. Elliott, Plaintiff, vs. Myrtle M. Chiles, sometimes known as Mrs. C. E. Chiles, her heirs, assigns, and legal representatives, and her unknown heirs, assigns, and legal representatives, if any, Defendants.

A brief statement of the nature of this suit is as follows, to-wit: Suit in Trespass to Try Title, and for damages, wherein the title to the East 50 feet of the Northwest one-fourth of Block One of the Heller Addition to the City of Canyon, Randall County, Texas, according to the map or plat of said Addition now of record in the Deed Records of Randall County, Texas is involved as is more fully shown by Plaintiff's Petition on file in this suit.

If this citation is not served within ninety days after the date of its issuance it shall be returned unserved.

The officer executing this writ shall promptly serve the same according to requirements of law, and the mandates hereof, and make due return as the law directs.

Issued and given under my hand and the seal of said court at Canyon, Texas, this 14th day of May, A. D. 1954.

State Capitol NEWS

By VERN SANFORD
Texas Press Association

AUSTIN: Most discussed subject in Austin is the United States Supreme Court decision abolishing racial segregation in the public schools.

Not only are the people talking about this important ruling, but they are taking their pens and pencils in hand to let Governor Shivers know how they feel about it. There is no doubt about how Texans feel on the subject for the mail shows a 90 to 1 ratio in favor of maintaining segregation.

Governor Shivers pointed out that "the Supreme Court has indicated it will have more to say on this matter later this Fall, and there is very little that can be done until we know its final opinion."

The Texas Education Agency has advised schools in Texas to plan for continued segregation in the term starting next September.

Roy M. Hall, executive director of the Texas Association of School Boards, said that the segregation problem will be mostly a local headache and that in most instances it will be at least several years before the reality of non-segregation becomes evident.

Insurance Company Probe
Hottest news out of Austin is the insurance company probe.

Indicted by a Travis County grand jury were Leslie and Paul Lowry of Beaumont, D. H. O'Fiel, Beaumont, and Spencer Trehanne of El Paso.

Nine indictments charged these four persons with criminal violations of Texas insurance laws. In addition to perjury counts against the four, Paul Lowry was charged with submitting a false statement.

All the indictments concerned submission of alleged false reports to the State Board of Insurance Commissioners regarding funds of insurance firms at Beaumont, Ennis and El Paso.

Insurance firms concerned were the Texas Mutual Insurance Co. of Beaumont; Texas Fire Insurance Co. of Ennis, a subsidiary of Texas Mutual; and Texas Western Assurance Co. of Beaumont.

Investigations which have been going on since the first week Attorney General John Ben Shepperd took office in 1953 reveal that some insurance companies have been formed in Texas with borrowed capital which banks deposited to the credit of the insurance firm, but with the understanding that the money was not to be withdrawn. Once the firm was approved by the Insurance Commission and a charter granted, the bank's money was returned, the loan canceled and the insurance company was in business. Loser in the transaction was the policy holder who was dealing with an insufficiently financed firm.

Shepperd has been working closely with Travis County District Attorney Bob Long in connection with the grand jury's investigation. One of Shepperd's top assistants, Willis Gresham, has been appointed by the attorney general to handle the prosecution. Gresham played a big part in the attorney general's recent investigation in Duval County.

Tightening of Insurance Laws?
Legislation tightening the state's insurance laws is indicated. Acting Governor Ben Ramsey has called the legislative council into session to begin a study of existing laws.

Court disclosures of loopholes, lack of safeguards, and loose enforcement which permit improper organization and operation of small insurance companies, prompted the move.

Executives of the 1,884 insurance companies doing business in Texas have been asked by Ramsey to

submit recommendations for remedial legislation. Changes recommended by the legislative council will go to the Legislature next year.

New Duval Grand Jury

The way has been opened for the appointment of a new grand jury to look into the jumbled affairs of Duval County.

The Court of Criminal Appeals refused to set aside 79th District Judge A. S. Broadfoot's discharge of a grand jury commission the judge ruled was lax in selecting fair and impartial grand and petit jurors.

Judge Broadfoot can now appoint a new commission which in turn will set up a new grand jury.

Island Development Delayed

A dispute over the amount of land to be given for highway purposes has snarled the proposed development of Padre Island as a big vacation spot. The obstacle arose when County Judge Oscar C. Dancy of Brownsville said that the 100 feet which developers want to give for the island's highway right-of-way is insufficient.

C. S. Eidman, Jr., of Brownsville and one of the island's land owners, said all the property owners had agreed that 100 feet was enough for the right-of-way. The squabble will be aired at a public hearing before the state highway commission.

Inks Lake Resort

Construction of a state-owned \$1,000,000 tourist resort at Inks Lake State Park, northwest of Austin, will start in the near future.

Two years has been spent getting this project ironed out.

Board Chairman Frank D. Quinn reports that all preliminaries have been successfully completed.

When completed the Inks resort center will be the biggest tourist facility in Texas. The project is self-liquidating, being financed through the issuance of revenue bonds. It is the first of three similar big-scale revenue-financed undertakings by the state park system. Others would be in Eisenhower State Park near Lake Texoma, and on Possum Kingdom Lake in northwest Texas.

Draft Quota High

Brigadier General Paul L. Wakefield has issued a draft call for 1,187 men for July. It is the largest draft quota in six months.

The state director of Selective Service declared that calls for the next 12-month period will be on an increased level. Cause of the increase, General Wakefield asserted, is the fact that more men will be getting out of uniform during the government's next fiscal year.

Coke Fights Congress

Coke Stevenson, Jr., Texas Liquor Administrator and newly elected president of the National Conference of State Liquor Administrators, is readying a blast against federal interference with state liquor laws.

The National Conference adopted a strong resolution to be presented to congressmen pointing out that the repeal amendment returned to the states the licensing and supervision of the liquor industry. There are bills now pending in Congress prohibiting beer and liquor advertising.

Need Industrial Safety Law

Elevators in Texas are not inspected for safety, says C. H. Cavness, state auditor. He advocates inspection laws similar to those in many other states.

Cavness' commented also on the need for an industrial safety law, with proper authority for enforcement.

He noted that 247,371 accident claims were handled last year by the Industrial Accident Board. This compares with 179,152 cases eight years ago. Claims last year totaled \$22,000,000 as compared with \$10,581,000 eight years ago.

Present laws do not require safety inspections of boilers in schools and courthouses. The Labor Department will ask the 1955 legislature to pass a law requiring such inspections.

Dairymen to Promote Industry

June is dairy month. Dairymen of Texas will contribute two cents

per hundred weight of the milk and one-half a cent per pound butterfat in cream they sell this month to the state ADA headquarters in Austin.

Sam Von Rosenberg, state manager of the American Dairy Association of Texas, says that it is a voluntary plan proposed to the 30,000 milk producers in the state, to provide \$150,000 annually to promote an increase in the sale of milk, butter, ice cream, cheese and other dairy products through advertising.

More Wild Life

Wild animals seem to take a liking to the rugged area west of Austin. There has been a panther scare for several months. Latest report is the appearance of a 33-inch long alligator — which walked out of Shoal Creek almost in the heart of this capital city.

Sports Quiz

1. What three-year-old won the Preakness?
2. For whom does Hoot Evers play baseball?
3. In what month is the All-Star Major League baseball game played?
4. Who is Carl Hubbard?
5. What is Sam Snead's latest on entering the British Open this year?

THE ANSWERS:

1. Hasty Road.
2. New York Giants.
3. July.
4. American League supervisor of umpires.
5. If he wins the U. S. Open, Sam says he will enter the British Open, in an effort to duplicate Ben Hogan's feat.

NEW RESERVE PLAN

A new military reserve plan, embodying a modified form of universal military training, has been submitted to the White House by the Defense Department. A four-month training period with more than seven years in the Reserve, would run parallel with the regular two-year draft. Those who failed to participate in Reserve training would be recalled by the Army for active duty for the remainder of the two-year term.

Increase your net profit by improving your soil.

April store sales top those of March by 3 per cent.

WHO KNOWS

10. For what is Johann Gutenberg most known?

The Answers . . .

1. When was the Commodore Credit Corporation created?

HURRY, HURRY, HURRY, Last Call For "FEATURE ATTRACTION"!

PRESENTED BY YOUR

Here are the rules . . .

Just list the feature you like best on the entry card your Reddy Kilowatt Dealer will give you, then tell why you like this feature in 25 words or less. All entries will be judged on originality, sincerity, and aptness of thought. Decision of the judges will be final, and all entries become the property of Southwestern Public Service Company. Your entry must be in by June 12, 1954.

Dealers, distributors, Public Service Company employees, and their respective families, are not eligible to participate in Feature Attraction.

JUNE 12TH IS LAST DAY FOR ENTRIES IN BIG RANGE CONTEST

FEATURE ATTRACTION, the interesting and exciting contest in which six lucky ladies are going to win modern electric ranges, is in the home stretch. June 12th, that's next Saturday, is the last day on which you can submit your entry, so be sure to see your Reddy Kilowatt Dealer and have him give you a complete demonstration of his range. After the demonstration, pick the feature which most appealed to you, and tell why it did in 25 words or less on the entry card that he will give you. It's that easy, but it's fun, and exciting, too. Don't be left out.

LOOK FOR THESE FEATURES—AND MANY OTHERS—ON MODERN ELECTRIC RANGES

CONTROLLED HEAT — You can actually melt chocolate or cook a frosting right on a surface unit. No need for a double boiler.

ACCURATE — Your thermostat oven heat control, plus six-sided insulation, is your assurance of accurate oven heat measurement.

ECONOMICAL — The average family can cook electrically for 7 cents a day. Then there's the big economy that comes from electric cooking's cleanliness.

LABOR-SAVING — Complete meals can be prepared in the oven and deep well, a great time-saver. Economical, too, for you use only one heating unit.

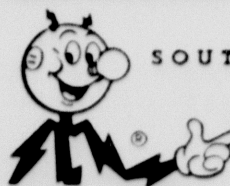

COOL — The cooking heat goes right from the element into the pan. None escapes to heat up your kitchen.

CLEAN — Most spillovers burn off, and drip trays are removed easily. Walls and curtains stay bright and shiny with flameless electric cooking.

AUTOMATIC — No more pot-watching when you cook on an electric range. Set the oven timer to turn the meal on and off. That's all there is to it.

FAST — High speed units heat up at once, and all of the heat goes into the cooking task. There's no waste heat in electric cooking.

LOOK FOR MANY OTHER FEATURES ON YOUR DEALER'S RANGE

McClure Talks On Future Building Of the P-P Museum

Boone McClure, vice-president of the Rotary Club, talked Tuesday on the future of the Panhandle-Plains Historical Society. He had been requested to draw plans for a 20-year development of the institution, but found that when the floor space of the museum was doubled that there was enough material to fill such a building.

The museum is the best in the South, according to experts who have visited the plant and seen what it has to offer. The building and furniture is worth at least a million dollars. Visitors are coming from every state in the union and from 28 foreign countries to see the exhibits.

By lowering the ceiling, another floor could be added in the proposed addition, which would take care of much materials which are now in packing cases.

Since the museum was started, the radio and exploration for oil have added much valuable materials which could be added to the museum displays.

It was estimated that the addition to the building would cost about \$600,000, but it would be money well invested.

Visitors were: Dr. E. L. Henderson of Greenville, N. C.; T. E. Ward and Bob Lindsey of Borger; O. D. Ferguson of Dalhart; Geo. Heath of Lubbock; Van H. Allin,

Bill Defee, Arnold Attebury, C. E. Waggoner, Ernest Cox, Ed Morris, Emil F. Myers, Roy E. Boger, C. L. Munday, all of Amarillo.

Miss Jo Beth Warren has gone to Oceanside, Calif., to spend the summer with her sister and brother, Mrs. C. D. Phillips and Bob Warren.

Rev. and Mrs. Jim Pickens of Vega were here Friday. Rev. Pickens performed the Elliott-Evans wedding ceremony at the Joseph A. Hill Chapel.

Miss Ethel Bond has recently returned from Albuquerque and Farmington, N. M., where she visited with Mr. and Mrs. Earl Bond.

Mrs. C. L. Patterson and daughter, Debbie, of Shreveport, La., are visiting in the home of her parents, Mr. and Mrs. A. B. Berry.

Mrs. M. E. Cleavinger is recuperating in her home after having spent a week in Neblett Hospital for treatment.

Kay and Stephen Heare of Miami spent last week with their grandparents, Mr. and Mrs. Ray McReynolds.

H. A. Mahle, nephew of Mrs. Carl Hair, received his discharge from the Navy last week in Quonset, R. I.

Mr. and Mrs. Paul Aldridge, Gary and Nancy of Corpus Christi are visiting her parents, Mr. and Mrs. C. W. Samples.

Fairview Breezes

Rev. Earl Landtroop delivered two fine sermons Sunday.

Priestly Rogers, who was badly hurt recently, is still in Vick and Credit Hospital in Amarillo. He is doing as well as could be expected.

Artie Pearson of Durango, Colo., was seriously injured while operating a scoop loading trucks with caliche. He was crushed between his tractor and a truck which had been left released and rolled between his tractor and the truck that he was loading. His mother and Jim with Mrs. Lester Bryan went to Durango immediately upon word was received of the mishap. They returned home Saturday, leaving Artie resting but still in an oxygen tent. Artie is a triplet to Mrs. Bryan and Jim and a son-in-law of S. A. Evans.

T. H. Shipman passed away at Neblett Hospital Sunday evening. He was H. H. Shipman's father and was buried at Wayside Tuesday beside his wife who had preceded him in death two years ago. Rev. Landtroop conducted the funeral.

Mrs. J. W. Wesley and grandchildren, Artis Sue and Arlen, visited from Friday until Sunday with E. E. Wesley who has been critically ill in McBride Clinic, Oklahoma City. They found him much improved and hoping to be released the last of this week. Mrs. E. E. Wesley is still there helping care for him.

Mr. and Mrs. D. L. Whitson, Dar-

Summer Daze

la and Donna, visited Saturday night with Mrs. Whitson's father, J. W. Wesley.

Darla Ann Whitson and Sue Wesley are visiting this week with their grandparents, the J. W. Wesleys.

Mr. and Mrs. Erwin Wilson and Glenda are staying in the E. M. Wilson home for Erwin to help with farm work while Priestly Rogers is in the hospital.

Arlen Wesley re-entered the hospital at Lubbock on Monday, May 31, and stayed until Wednesday to have more work done on his throat where his tonsils had been removed. He is doing well now.

Our sympathies go with the bereaved at the loss of their loved one, T. H. Shipman. He will be greatly missed by all who knew him.

J. A. Carr visited with J. W. Wesley Friday night and Saturday.

Mrs. Letha Patterson and sister Lois Stenart visited with a sick friend in Lubbock Saturday night and Sunday.

Wheat is ripening fast in this vicinity.

Company F Will Leave for Camp

The annual camp for National Guard units will be held at Fort Hood, Texas, starting next week.

Company F will leave Saturday morning to participate, and will return home on Sunday, June 27. The advance guard will leave by truck tomorrow morning.

Miss Virginia Reid flew home from Palmer, Alaska, Tuesday. She has been teaching there the past school term and after spending the summer with her parents, Mr. and Mrs. Ted Reid, will return to Palmer for another school term.

Mr. and Mrs. Bryce Slack are attending the University of Texas at Austin for the summer term.

Arab sources said the gunfire from Israel had wounded five inhabitants of a frontier village in Jordan.

Help Keep Canyon Clean!

Marshall Formby Tells of Expressway At Lions Club Lunch

Canyon would stand to gain more by the expressway than the city of Amarillo or Potter county is the expressed opinion of Marshall Formby, state highway commissioner, in speaking to the Canyon Lions Club luncheon Wednesday. If the expressway is built more people will live in Canyon and commute to Amarillo to work as they could be in the heart of Amarillo in as short a time as it takes to go from San Jacinto to Polk Street.

The value of the property along the expressway would increase at least 60 per cent and probably 80 per cent. Ten years from now there will likely be homes or improvements from the Amarillo city limits to the city limits of Canyon if the expressway is completed. It is Mr. Formby's belief that the enrollment at West Texas State will increase because of easier access to Amarillo residents. More students will commute because of the safer road. An expressway is four times safer than a four-lane road, he said.

The state highway commissioner stated that the commission is not as hard-headed as some people believe, but they are insisting upon the 300-foot right-of-way. "If a man has to be moved 100 feet he would mind less to be moved 300 feet, and the second and third 100 feet would be considerably cheaper than the first 100 feet," Formby said. The greatest sin of the highway commission has been under-building rather than over-building, he said.

\$710,000 has been set aside by the highway commissioners for the expressway in Randall county. By the time the plans are finished Mr. Formby hopes that the county will make the necessary 300-foot right-of-way available.

Randall county is getting the same kind of highway as the citizens of Ft. Worth and Dallas are willing to pay 50 cents just to travel on, when the turnpike is completed between the two cities.

The state is also building as many farm-to-market roads as is possible. Randall county has been apportioned 107 miles of farm-to-market roads. Sixty miles have been completed with 47 miles yet to be constructed. Six or seven miles a year is built. This doesn't sound like much but multiplied by 254 counties, it amounts to a great deal of construction, he said.

Since 1917 over four million dollars has been spent in road construction in Randall county.

Sports Quiz

1. When is the Marciano-Charles fight?
2. How many times has Marciano been defeated in his boxing career?
3. How did the Norkus-Jackson fight come out?
4. Who recently won the Indianapolis Speedway 500-mile classic?
5. Who are the Chicago Cubs' two famous home run hitters?

THE ANSWERS:

1. June 17th.
2. He has never been defeated.
3. Hurricane Jackson won a TKO in 5th.
4. Bill Vukovich.
5. Hank Sauer and Ralph Kiner.

Mrs. Wayne Whitson and daughter of Ft. Worth visited last week with her parents, Mr. and Mrs. Paul Lindsey.

Mr. and Mrs. Spike Lowes visited with her aunt, Mrs. A. E. Davis, in Lubbock Sunday.

Mr. and Mrs. E. J. Larson and Velma Lynn are visiting relatives in Dallas.

Ruth Ann Roberts of Albuquerque, N. M., is visiting Joy Gray this week.

WELL LABELED
An elderly and somewhat innocent couple were vacationing aboard one of the big luxury liners. The wife, who took a lively interest in fellow passengers, remarked to her husband: "Did you notice the huge appetite of the man opposite us at dinner?" "Yes," replied her husband dryly, "he must be what they call a stowaway."

FOR HARASSED HUSBANDS
"Daddy, what is leisure?" asked the child. "My boy," replied the sire, "leisure is the two minutes' rest a man gets while his wife thinks up something for him to do."

"Pete" LaMaster To Attend GOP Rally In Washington, D.C.

WASHINGTON, D. C.: LeRoy "Pete" LaMaster, candidate for Congress in the 18th Congressional District of Texas, has been invited to attend the Citizens for Eisenhower Conference in Washington, D. C., June 10-12, together with President Eisenhower, Vice President Nixon and other top administration leaders. The purpose of the conference is to lay plans for the coming Congressional Campaign.

In his letter of invitation, James L. Murphy, chairman of the National Citizens for Eisenhower Congressional Committee, said: "The joint attendance of yourself and these individuals meeting with the President and Vice President will create a spirit of unity and provide an opportunity to develop a program of maximum benefit to you."

Citizens for Eisenhower is a group of political amateurs who worked so hard for the nomination of Dwight D. Eisenhower and who so successfully rallied Democratic and Independent voters behind Eisenhower in the presidential election. They are organizing again to help President Eisenhower obtain a Republican Congress in order to put his legislative program into action.

The Conference, which marks the kick-off of the 1954 Citizens for Eisenhower campaign activities, also includes on the agenda: Honorable Walter Williams, Under Secretary of Commerce, and Mrs. Oswald B. Lord, U. S. Member of the U. N. Commission on Human Rights, respectively chairman and co-chairman of the former Citizens for Eisenhower-Nixon; John Roosevelt, youngest son of the late President Franklin D. Roosevelt, will speak on the subject "Why Democrats should Vote for a Republican Congress to Back the President's Program;" and the Honorable Sherman Adams, the Assistant to the President.

Softball League for Boys Is Announced

The Canyon Boys' Softball League will begin the regular season's play at 6:30 Friday evening at the College Field. The League is composed of six teams, sponsored by local concerns.

Boys participating must be 9 years of age of June, 1954; but not having reached the 15th birthday.

League play will be on Monday and Friday nights only.

There are two teams without managers. Interested parties should call either Guy Harrison at 5-3564, or Dr. Dudley Moore. Men who will umpire games may also call one of these two men.

The following teams have entered, together with their managers:

Bellah's Super Market — Bill Greenhouse.

Taylor & Sons — Winifred Dawson.

Cooper's Market — Murray Boston.

Foster's Insurance — Dale Parvin.

Taylor-Evans — Manager not named.

Sternberg Lumber — Manager not named.

The following is the schedule:

June 11 and July 12: Sternberg vs. Taylor-Evans.

Foster's Ins. vs. Bellah's.

June 14 and July 16: Cooper's vs. Taylor & Sons.

Foster's Ins. vs. Taylor-Evans.

June 18 and July 19: Cooper's vs. Sternberg.

Taylor & Sons vs. Bellah's.

June 21 and July 23: Cooper's vs. Taylor-Evans.

Taylor & Sons vs. Foster Ins.

June 25 and July 26: Bellah's vs. Sternberg.

Taylor & Sons vs. Taylor-Evans.

June 28 and July 30: Bellah's vs. Cooper's.

Sternberg vs. Foster Ins.

July 2 and Aug. 2: Bellah's vs. Taylor-Evans.

Sternberg vs. Taylor & Sons.

July 5 and Aug. 6: Foster Ins. vs. Cooper's.

Make up games.

July 9 and Aug. 9: Make up games.

Mr. and Mrs. A. B. Gray and family have returned home after having spent a week on vacation with relatives and friends in Wichita Falls, Dallas, Mineola, Alba, Paris, and Honey Grove. Harold Ray Walker, cousin of the Grays, returned home with them from Wichita Falls to spend a few weeks here.

Glenn Prater, who is serving with the Navy, has recently returned from a tour of duty in Japan and is spending a nine day leave with his parents, Mr. and Mrs. A. D. Prater. He has been joined by his sister and brother-in-law, Mr. and Mrs. Lewis Reed, and children of El Dorado, Ark.

Miss Frances Alice Harp is home for two weeks from her school work at Lovington, N. M. She will attend the University of New Brunswick at Fredericton, New Brunswick, in Canada, during the balance of the summer, returning to Lovington this fall to continue her teaching.

RENOVATING FURNITURE IS STUDIED BY JOWELL H. D. CLUB

Jowell Home Demonstration Club met in the home of Rosa Robinson on June 2. Meeting was opened by the president, Ruby Bonds. Roll call was answered with "What I Do, When I Do What I Please."

After the business session Helen Davis directed the program on re-furnishing new and old furniture. "Good Taste in Dining" was discussed by Rosa Robinson; "Refinishing an Old Chest" by Ruby Bonds; "New Color Stains," by Helen Davis; "Why Didn't I Think of That?" by Grace Raymond; and "You Do the Finishing" by Amanette Henders.

Refreshments were served to Ruby Bonds, Helen Davis, Dorothy Keeling, Mattie Ruth Robinson, Bertie Culp, Eula Bonds, Erbie Powell, Grace Raymond, Amanette Henders, and the hostess.

The next meeting will be on June 16 with Helen Davis.

The candidate rally was well attended Friday night at the school house.

MRS. TOMMY SEALS HONORED WITH PINK 'N BLUE SHOWER

Mrs. Claud W. Mickey entertained in her home Monday with a stork shower honoring Mrs. Tommy Seals.

The game winner was presented a prize which she in turn presented with all the other gifts attached to the honoree.

Refreshments of cake and punch were served to Mesdames Mildred Seals, Billy and Gladys; Bill McDowell and Joan; Percy Hawthorne and Delores; Mary J. Mickey; John Shepard; Roy Mickey; Lillia D. Gilbert, Elmer Shepard, Tommy Seals, Troy and Joyce; Claud Mickey, Cynthia and David; Misses Teresa Mickey, Fannie Hawthorne, and Barbara Shepard.

Sending gifts were Mesdames W. R. Hicks, W. E. Miller, and Fred M. Ely.

GENE McGLASSON SPEAKER AT WESTSIDE H. D. CLUB MEETING

Westside Home Demonstration Club met Wednesday, May 19, with Mrs. B. A. Burrus as hostess.

Meeting was called to order by Mrs. T. J. Myers. Club Aim was read by the members. "Song of Peace" was sung with Mrs. Bruce Winn playing the accompaniment.

After a short business meeting, a talk on the duties of the county officers was given by Gene McGlasson, county attorney. A gift of appreciation was presented to the speaker.

Refreshments of ice cream, cake and punch were served to 11 members and two visitors.

Mrs. R. O. McKay was the hostess on June 2.

MISS LOU ELLA PATTERSON GIVES DEMONSTRATION

Westside Home Demonstration Club met Wednesday, June 2, with Mrs. R. O. McKay.

Mrs. T. J. Myers presided at the meeting. The group sang "America" and repeated the club prayer.

After a short business session, Miss Lou Ella Patterson gave a demonstration on making of slip covers.

At the social hour the hostess served ice cream, cake and punch to eight members and five visitors.

Mrs. Dick Barrett will be hostess on June 16.

Plenty of Sales To Be Made in USA

Those who think that markets are just about flooded, should take a look at these authentic figures of the needs of America as revealed by a survey which was recently taken:

98% of the families in America did not move into new homes or apartments;

98% did not buy a food freezer;

97% did not buy a room air conditioner;

97% did not buy an electric range;

94% did not buy a vacuum cleaner;

92% did not buy a refrigerator;

92% did not buy an electric shaver;

92% did not paint their houses;

91% did not buy a washing machine;

89% did not ride in Pullmans or airplanes;

85% did not buy a TV set;

76% did not take a real vacation trip;

71% did not buy a radio set.

Mrs. A. C. Darst, Alton, Peggy, and Geraldine visited over the week-end in Sherman with Mr. and Mrs. W. F. Ayers and Mr. and Mrs. J. W. Ayers of Lenoard. The visit with Mrs. Darst's brother was the first in five years. He is from Nashville, Tenn.

Mrs. H. A. Brown's sister, Mrs. W. L. Diltz, of Abilene visited in the Dr. Brown home a few days, calling on a few of her old friends here. Mrs. Diltz was Edith Eakman and lived in Canyon until her marriage.

Mr. and Mrs. D. H. Clark, of Corsicana, visited with Mrs. Clark's sister, Mrs. Thomas B. McCarter, the past week. Saturday night Mr. and Mrs. McCarter entertained a few friends at a "42" party honoring their guests.

"Honest money" is held to be the aim of the Eisenhower fiscal policy.

Communist Pattern

It seems clear that the communist aggression in Indo-China and the shipment of Iron Curtain arms to Guatemala are pieces of a pattern — a pattern designed to keep the United States off balance in the months ahead.

More pieces of this sinister pattern will be revealed as the communists unravel the web they have spun. We have got to keep an alert eye on other "soft spots" in the world.

Course of Action

Obviously, we cannot police the whole world. American soldiers

CITATION BY PUBLICATION THE STATE OF TEXAS

TO: Purlyn Lewis Hodges, Defendant, Greeting:

YOU ARE HEREBY COMMANDED to appear before the Honorable District Court of Randall County at the Courthouse thereof, in Canyon, Texas, by filing a written answer at or before 10 o'clock A. M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 19th day of July, A. D. 1954, to Plaintiff's Petition filed in said court, on the 4th day of June, A. D. 1954, in this cause, numbered 2764 on the docket of said court and styled Erlene Marie Hodges, Plaintiff, vs. Purlyn Lewis Hodges, Defendant.

A brief statement of the nature of this suit is as follows, to-wit: Petition for divorce, custody of children, and Child support, alleging as grounds, mental cruelty, as is more fully shown by Plaintiff's Petition on file in this suit.

If this citation is not served within ninety days after the date of its issuance, it shall be returned unserved.

The officer executing this writ shall promptly serve the same according to requirements of law, and the mandates hereof, and make due return as the law directs.

Issued and given under my hand and the seal of said court at Canyon, Texas, this 4th day of June, A. D. 1954.

ATTEST: ETHEL MULLINS, Clerk, District Court Randall County, Texas.

cannot act as fire brigades rushing to stamp out flames spurring up at isolated corners of the globe.

That would be a fruitless undertaking. It would exhaust both our economic strength and our manpower.

We have to pick and choose. We must select the ground upon which we will stand — and know clearly just who will stand with us.

We do not want to abandon any unwilling people to communist tyranny — nor should we. We do not want to break relations with countries that are our friends and allies — nor should we.

Nevertheless, we must take a long, cool look at the realities of the world today.

Hard Task

Our foreign policy is a complicated network of alliances, pacts and understandings which have been put together in the last few years. Some parts of that network have worked well. Some parts have been severely strained. Some may have failed altogether.

We must examine this network and determine the strengths and the weaknesses. Perhaps some parts should be propped up. Perhaps others should be abandoned altogether.

It is not a job to be accomplished in a day or a week. It is a hard, plugging task that will take time — even though we cannot afford too much time.

But it must be done. And the first step in doing it must be the promotion of national unity.

The times call for a bipartisan review — in a nonpartisan spirit — of our whole foreign policy.

Reason Together

We need to recall and act upon the Biblical injunction from Isaiah: "Come now and let us reason together."

As Americans, we have our agreements and our disagreements. Regardless of that, I am convinced practically all Americans hold one objective in common.

That is peace and freedom for our country.

It is not an abstract objective. It means an opportunity to plan for the future. It means security for our children. It means liberty in thought and in deed for our posterity.

Most Americans, I am confident, want these things for themselves. I believe they also want them for their fellow-Americans.

We can attain them by uniting in mutual confidence and trust — in holding to a steadfast determination that the lamp of freedom shall ever burn brightly on this earth.

Social Security

In revising the Social Security program, I certainly do not favor extending coverage on a compulsory basis to members of the medical profession.

The doctors have made it clear that they do not want to come into this program. They feel that the self-employed physician is capable of providing voluntarily for his old age. Another consideration is that the average self-employed physician does not retire until the age of 74 years.

As one Texas doctor wrote me, compulsory inclusion of this professional group in the Social Security program "would be to the detriment of all doctors who have worked day and night for long years to establish a livable retirement fund of their own."

Milo Maize

Producers of milo maize in South Texas face a serious storage problem. Out-of-State wheat, under Government loan, is using most of the existing storage facilities in Corpus Christi and the surrounding area.

The result is that the milo maize producers have no place to warehouse their bumper crop. They are faced with the necessity of having to sell on the current market, which would cause them serious loss.

I am doing everything I can to get the Agriculture Department to move out the wheat — most of it from Oklahoma — so that our own farmers will not be penalized in this fashion.

HAS LONG MEMORY

Burlington, Mich. — When Abe Lepper, 24, stopped his car beside another to ask directions, he recognized the driver of the other automobile as one who had hit him in 1945. The other driver, Ernest Lux, 50, zoomed away but Lepper gave chase and rammed into Lux's fender. Lepper had to pay a \$61.50 fine on charges of assault and battery.

Though the mills of God grind slowly, Yet they grind exceedingly small.

Though with patience stands He waiting, With exactness grinds He all.

—Frederick von Logau.

Buy, Build, Live in Canyon!

WASHINGTON AND "SMALL BUSINESS"

By C. WILSON HARDER

In one of the strangest moves ever undertaken in American business history, discount houses, through an organization they have set up, are asking the Federal Trade Commission to force legitimate wholesalers and manufacturers to sell to them. FTC is now investigating.

The first action is directed against Massbach, Inc., of New York, wholesalers of electrical appliances and hardware items following announcement it will not sell to C. W. Harder to any discount houses.

A series of such actions is understood planned by discount house operators. This is perhaps the most blatant display of brass ever released to fool both government bureaus and public.

Nation's Better Business Bureau scores heavily practices of so called discount houses.

Ethics and honesty, not for self-protection, but for protection of the public is a traditional principle of American business.

That is why many independently made and sold products on the market today are bought with public confidence in product integrity, and belief in event of any defects adjustments will be made. But that system depends on strong links; a manufacturer of integrity, wholesalers of integrity, retailers of integrity.

However, this traditional American system, largely unknown elsewhere, is being threatened by so called discount houses which unload a lot of junk on the public. But people do not willingly walk into a store handling

© National Federation of Independent Business

only junk merchandise. There must be some bait.

Discount houses fight for brand merchandise to use as bait.

But even so called cut price advertising by these discount houses is wide open to question.

A common advertising practice is the "was and is" method. A fictitious high price is listed as the original selling price of the article to compare with the discount house price.

And often so-called cut prices are on old, obsolete models, inferior to be current models.

There is still a further public delusion. If a chef cooked in the same pot the carcass of a single rabbit with that of a horse, called it rabbit stew, he would be questioned.

Yet discount houses constantly refer to their stocks of nationally advertised merchandise, when in fact the preponderant part of their stock is unknown. But by larding the stock with a few brand name items they throw the cloak of respectability over entire stock.

Thus the public, attracted by the bait of well known names, is induced to buy other merchandise, paying an exorbitantly high price for it.

This situation cannot continue. Despite efforts of some independent manufacturers, too many, often combine subsidiaries, shut their eyes to the situation.

However, independent retailers, wholesalers and manufacturers, working together, could by full publicity and self policing, solve the problem. And it appears high time to adequately publicize those manufacturers and wholesalers who are seeking to carry water on both shoulders.

WAYSIDE H. D. CLUB ENJOYS BREAKFAST IN MAHLER HOME

Wayside Home Demonstration Club met with Mrs. E. J. Mahler Wednesday at 6 a. m. for the delicious sunrise breakfast which was served in her spacious dining room and after the meal the group was led in singing by Mrs. Stanley Hill. Mrs. Melton McGehee gave an excellent report on the district 4-H club meeting she recently attended at the Camp Don Harrington.

The menu was planned for the annual club camp to be held at Fairview school Aug. 17-18.

Those enjoying the delicious breakfast were Mesdames Leroy Roberts, Princess and Deltah, Melton McGehee, Wiatt Heisler, Floyd Adams, Chas. Kennedy, W. R. Franklin, Stanley Hill, C. D. Rogers and little daughter, Paul Wetz, A. J. Newsom, James Bible, Mrs. Bessie Lane; two visitors, Mrs. E. C. Franklin and Mrs. Roy Dodson, and the hostess.

On June 17 the agent, Jo Ann Bannister, will conduct a special meeting on hat making at the community hall in Claude with a covered dish luncheon at noon.

Next meeting of the Wayside club will be July 1st at the church. Subject will be the use and care of large equipment with Jo Ann Bannister leading the discussion at 2:30 p. m.

MIXED-UP RIDE

Watertown, N. Y. — Police recently found that ten boys had taken over a cement mixer in the rear of a building supply house and were taking turns riding inside the barrel and cranking. The makeshift "ride" accommodated two customers at a time.

NO MR. CLOSET

Schenectady, N. Y. — Although the Schenectady telephone directory carries a listing: "Closet, Hal L. 17 Front... Schen 2-2100," there is no Mr. Closet there. The listing is for a telephone installed in a hall closet at the University Club.

LITTLE TOO WELL

Walking through the woods, the artillery officer was surprised to see a number of men climbing trees and crawling through bushes. "What's the great idea?" he snapped. "What do you men think you are doing?" "Well, sir," said the sergeant, "we've camouflaged the gun so well that we can't find it."

THEN—

And then there was the one about the little moron who got off the street car backwards, because he heard the woman standing in the aisle next to him say she was going to grab his seat when he got up.

GEE AND WHIZ!

We liked the story of the mean, old, lazy farmer down in Mississippi who never got around to naming his twin boys. So they grew up with one being known as "Hey" and the other as "You Too."

FOR HARRASSED HUSBANDS

"Daddy, what is leisure?" asked the child.

"My boy," replied the sire, "leisure is the two minutes' rest a man gets while his wife thinks up something for him to do."

Wayside News

Memorial Day services Sunday were well attended and enjoyed and the display of old time pictures was thoroughly enjoyed, especially by the old timers.

All the M. L. McGehee children and their families were present. Mrs. George Hancock and Judy of Pampa and Mrs. Bill Mitchell, Lon Ann and Corky of North Carolina visited over the week-end with Mrs. Bessie Lane.

Mr. and Mrs. William Payne of Clarendon attended Memorial Day services Sunday and were guests in the W. R. Franklin home until Monday p. m.

Dr. Mary Brown of Dallas is visiting in the Bill Stockett home. Joyce Lane accompanied by his mother, Mrs. Bessie Lane, visited relatives in Wichita Falls Sunday night and Monday.

Fred Porter, Jr., of Houston is visiting his aunt and uncle, Mr. and Mrs. Floyd Adams. The young man came by plane.

Mr. and Mrs. Grady Kennedy of Canyon were visiting in the Charles Kennedy and J. R. Stockett home Monday.

Mrs. Carmel Lee Spann and babies of Amarillo spent the week-end in the J. R. Stockett home.

Mr. and Mrs. M. A. Butler of Bard, N. M., attended Memorial Day services Sunday at the church.

Rev. Luther Baker has been re-appointed as Methodist pastor to the Vigo Park circuit. Trinity Chapel and Wayside are in this circuit.

Mrs. Chas. Kennedy, Robert and Richard, were Canyon callers Saturday morning.

Farmers are very busy planting their row crops. Some have had to replant. Wheat is ripening and looks like harvest will begin early this month.

County Agent Foster Whaley, of Claude, was over Friday vaccinating pigs for the 4-H club boys.

Mrs. J. R. Stockett and Mrs. Grady Kennedy of Canyon visited their father and mother, Mr. and Mrs. J. M. Malone in Amarillo first part of the week.

THAT HELD HIM

A politician was interrupted by a man in the crowd who repeatedly shouted "Liar!"

After about the twentieth repetition, the speaker paused and eyed the tormentor.

"If the man who persists in interrupting," he said, "will be good enough to tell us his name instead of merely shouting out his profession, I'm sure we shall all be pleased to make his acquaintance."

COUPLES SWAP MATES

Las Vegas, Nev. — It was all very friendly as Millard D. Platt and Claude Fowler swapped wives recently. Platt, 35, was divorced by Arlene Platt, 34, on grounds of mental cruelty. Fowler, 39, was divorced by Vivian Fowler, 46, who alleged extreme cruelty. Then they all went together to the Marriage Bureau and were rewed.

Combine your new Chevrolet purchase with an extra low-cost vacation!
Order your Chevrolet through us, pick it up at the plant in Flint, Michigan. Chances are, you'll save enough to pay your vacation travel costs!

Gray and Henry Are Crowned as W.T.E. Posture Queen and King

DALE HENRY AND JOY GRAY

In a recognition service presented in assembly at West Texas Elementary school, Joy Gray and Dale Henry were crowned 1954 Posture Queen and King of West Texas Junior High School, following the previous judging of class candidates for the honor. Joy is the daughter of Mr. and Mrs. A. B. Gray, 301 11th St., and Dale is the son of Mr. and Mrs. R. C. Henry, who live southeast of Canyon. Walking and sitting posture and general bearing were the basis of the judges' choices.

Serving as judges in the contest were Miss Ruth Cross, head of the women's physical education department of West Texas State College, and Dr. Donald Schultz, intern at Neblett Hospital.

Other students who were chosen by their classmates as examples of good posture, and who served as attendants to the king and queen at the coronation, were: Barbara Brown, Margaret Juniper, Mary Gladys Marshall, Susanne Lemons, Rachel Smith, Jan O'Donald, Edwina Hugg, Jean Powers, Gary Humphries, James Foster, Carroll Wright, Eddie Boydston.

Just Between You, Me . . . and the Gatepost

By Lawrence Hunnicutt

Happy birthday to Frances Cunningham, whose birthday comes Monday and got to us too late for the regular birthday greetings this year.

Mrs. Lee Foster recently proved that she was an excellent conversationalist by out-talking Don McNeill's Aunt Fanny. McNeill should have done a little investigating before letting his Aunt Fanny challenge someone from Canyon, especially Mrs. Foster. If he had he may have found two good reasons for keeping the two apart, one is that Mrs. Foster is a wonderful person to speak up for her home town. Another reason is that Canyon is just about the best place you can find to talk about. In case anyone asks you, the above is the combination that beat Aunt Fanny.

Wanted, someone to give a home to some baby kittens which were dumped to die on the country road near the VFW club. Mr. and Mrs. Joe Winstead and family were out there over the week-end and the children found the kittens and took them home. So, if there is anyone who wants to do a good deed by giving a homeless kitten a place to stay they may do so by contacting Mrs. Winstead. The Winsteds already had some kittens at home when they found the orphans but they simply didn't have the heart to go away and leave the poor, helpless little things out there to die so now they a few more kittens than they need. Those needing such a pet will be a welcomed visitor at the Winstead home.

Members of the VFW club might be interested in knowing that the members of the Auxiliary are planning a nice feed for the men Thursday evening. The regular meeting last Thursday didn't get many members out so maybe lure of a delicious meal prepared by the wives will help get a few more out tomorrow evening in an off-week meeting.

In case you don't believe that fishing weather is really here, just check up on the large number of men taking fishing trips. Three of the men who enjoyed a bit of fishing in Colorado over the week-end are Hud Prichard, Guy Tabor, and Andy Walsh. Some of the other attractive fishing spots for local fishermen include Possum Kingdom and Conchas Dam lake.

One of the reasons for getting out into the country for a short drive is that of seeing a good wheat crop again. The farmers have another crop this year and it's about time. It's the first really good looking crop made since 1951 and there for awhile this year it looked as though the fellow on the farm would have to wait until 1955 for a crop.

A very good topic for entertaining conversation is that of early developments. Boots McBroom and Billy Black recently got into such a discussion about Canyon and as usual the discussion ended with them talking about cars of several years ago, especially the model-T Ford. It was interesting while it lasted though and they discussed such things as Canyon's first bit of pavement and the old wagon yard operated by R. E. (Bob) Foster.

Then when they got on the subject of the model-T, they mentioned the method of checking the oil. That was the deal where you had to crawl under the car and turn a petcock and if oil ran out of the top one you had plenty, if only out of the lower one you needed to add oil. The method of checking gasoline was different too in those days. You had a measuring stick and you placed it in the tank straight up and down to find out whether or not you needed to refill your gasoline tank.

Now that school is out it should be all right to tell a little joke about a school boy. It seems that the teacher had asked for an original verse. The boy was in a hurry and started blurring, "There was a man who fell in the well. From the way he lived I'd say he went to —," then turning to the teacher he asked innocently, "What was it you wanted teacher, prose or poetry?"

A little boy once asked his dad, "Dad, what is heredity?" The man looked at his son a moment and said, "Heredity is what a man believes in until his son starts acting like a fool."

Leonard Miller, and Bobbie Hacker.

Candidate for State Post Visited Canyon Friday Afternoon

C. T. JOHNSON

The first candidate for a state office to file for a place on the ballot in the Democratic primary July 24 spent two hours in Canyon Friday afternoon visiting with the voters. He was C. T. Johnson of Austin, candidate for Lieutenant Governor. This is his first race for a public office, and the 43 year old insurance man is making a strong bid for the post he seeks.

When Johnson announced he started a newspaper advertising campaign, and promised the voters that he would visit every county in the state. There are 254 counties and Johnson has visited more than 60% of them.

He is conducting a fight against telephone rates, and demanding that Texas set up a single board to handle rates rather than rely upon city commissions.

Texas should build 100,000 small dams on all streams of the state to hold back flood waters. Texas is the 45th state in the union so far as the size of old age pensions is concerned. He stands for a state bonus for all veterans, and all veterans should come under the State Land Grant bill.

Judge: Do you mean to tell the jury that the defendant stole the money from your stocking?

Earlene: Yes, your honor.

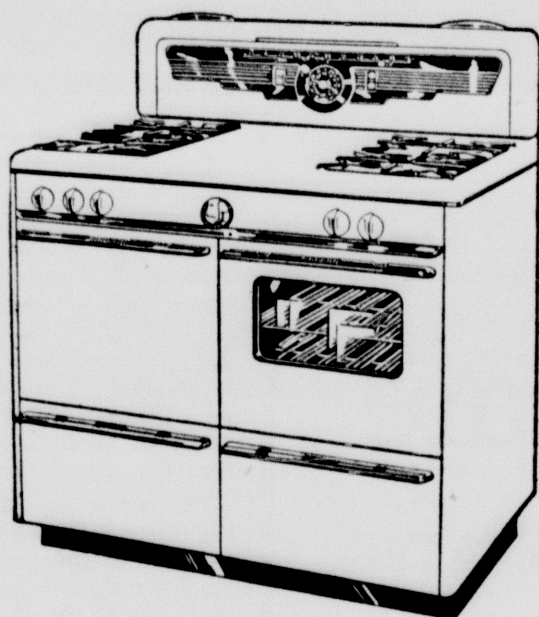

Judge: Did you resist?

Earlene: How did I know he was after my money?

Our soil is a priceless heritage —Conserve it.

NEWS LETTER

FROM CONGRESSMAN WALTER ROGERS
OF THE 18th CONGRESSIONAL DISTRICT

Gagged Again

The Social Security Bill that recently passed the House of Representatives was passed under the "gag" rule.

This was the second time this session that major legislation originating in the Ways and Means Committee was forced through the House of Representatives while Members stood handcuffed and gagged. The other time was when the voluminous tax revision bill was shoved through.

One of the members of the Ways and Means Committee, appearing on television just before the tax bill came to the Congress, stated

that the bill was being written by the Ways and Means Committee and that the House of Representatives would not be allowed to dot an i or cross a t. That is exactly what happened.

The bill was printed on March 9, contained over 800 pages (small print) and was voted on March 18. This procedure simply means that 16 members of the Ways and Means Committee of the House of Representatives can dominate and control 435 duly elected Members of Congress, insofar as legislation before that particular committee is concerned.

The Social Security Bill wasn't

even printed when the House began considering the rule to debate the bill. An attempt was made to open the bill for certain types of amendments, but this was soundly defeated by a vote of 270 to 76. The great majority of the 76 were Southern Democrats. Men who have always believed in the real democratic processes, and who realize that the "gag" rule practice is nothing less than steam roller politics, and that a slightly expanded use of this practice could do tremendous damage to the legislative processes so necessary in a democratic form of government. We sincerely hope that the Senate (where the "gag" rule does not apply) will remove some of the inequities of the bill.

Puerto Ricans Go On Trial

The Puerto Ricans, three men and a woman, are now on trial in Washington for the March 1 shooting in the House of Representatives.

The woman undertook to make a speech when the case was called for trial, but was quickly hushed by officers of the court. It would be a good guess that she was going to make a speech on freedom for Puerto Rico.

The poor gal doesn't seem to understand that the place to get water is at the well. Puerto Rico can have its independence if Puerto Rico wants it. The place to determine this is in Puerto Rico, not in the United States, either in the Congress or before a district court.

If justice prevails, I would venture that it will be several years before this woman or her thick-headed pals have an opportunity to visit Puerto Rico or any place else. One of the witnesses who appeared in the beginning of the trial was my good friend, Congressman Ken Roberts, from Alabama. He was shot in the leg and has had a pretty tough time of it. In fact, he was the last one to get out of the hospital. He is still on crutches and has a spe-

cially designed chair in which he sits. The chair is fixed so that it affords a special support for his left leg.

Attorney General's Speech

I did not like the statement of the Attorney General to the effect that the recent segregation decision of the Supreme Court was a complete answer to Communist propaganda criticizing racial segregation in this country.

Communist propaganda agents could very easily say that such a statement was an admission on the part of the Attorney General that the United States of America had been guilty of something before the Supreme Court made this segregation ruling.

We should spend our time telling the world about the shortcomings and viciousness of Communism, rather than trying to answer some false criticism thought up by some expert Communist propaganda speaker.

We are all going to wake up some morning and find out that Communist criticism and condemnation cannot be satisfied by sacrificing our basic rights that distinguish Americanism from Communism. If propaganda is the weapon that is going to be used, it is time that we got on the offensive with it, rather than being on the defensive.

Pure Water Is
Essential to
All Vacationists

AUSTIN: One of the most important factors contributing to the well-being of summer vacationists is a safe and healthful water supply. Contaminated water is the annual cause of much sickness and many fatalities. Water from sources not known to be safe should never be used to supply vacation needs.

Dr. Henry A. Holle, State Health Officer, stated this week that most municipal water supplies in Texas are periodically inspected and samples submitted to the State or local public health laboratories for examination. He advised that it is always best, when in doubt, to endeavor to secure water from a municipal supply.

"Families away from home on picnics, excursions, or vacation trips," Dr. Holle said, "should either ascertain that their water

supply is safe or they should make it safe for human consumption. Water can be rendered safe by boiling for 15 minutes or by the addition of chlorine. A few drops of ordinary chlorine laundry bleach can be added to a gallon of clear water and if the water is allowed to stand for 15 minutes it may be used for drinking."

If drinking water is obtained from a private well, Dr. Holle advised vacationists to look for these protective features: a well-site pro-

tected from flooding with good drainage, and a concrete platform surrounding the pump. The pump itself should be securely mounted on the platform, should have a rod that enters the top through packing, and should have a turned-down spout. Contaminated water is usually found in wells with open wood platform, pits underneath the pump, openings where the pump rod enters the pump, and in pumps that require priming to operate.

HAD SOME, ANYWAY
"And is the prince incognito?" asked the London reporter, referring to a titled guest.

"Well, no, sir," replied the hotel porter. "I don't know as I'd say that. But he's certainly 'ad a few."

Bernard M. Baruch, Presidential adviser in two world wars: "The only freedom man can ever have is the freedom to discipline himself."

Thompson - Birdwell Wedding Rites Read in Twilight Home Ceremony

MR. AND MRS. HOWARD BIRDWELL

Miss Billie Thompson, daughter of Mr. and Mrs. W. M. Thompson, 610 14th St., became the bride of Howard Birdwell, son of Mr. and Mrs. W. F. Birdwell, Jennings, Louisiana, in an informal twilight ceremony at the home of her parents on May 27.

White stock arranged with a blue bow decorated the mantle and baskets of white gladioli and candelabra flanking the fireplace formed the background before which Rev. T. Winston Wilbanks read the double ring rites.

Miss Peggy Williams, aunt of the bride, sang "Oh Promise Me" and "At Dawning." Bud Thompson, brother of the bride, lighted the candles.

Miss Betty Hutchison attended the bride and Dan Taylor of Lubbock was best man.

Given in marriage by her father, the bride wore a light blue linen suit with white linen trim, a white straw hat, navy shoes and bag, and carried a white Bible topped by white orchids with white satin streamers. For something old she wore her grandmother's wedding band; something new, ear rings, gift of the groom, and something borrowed was the white Bible.

For her daughter's wedding Mrs. Thompson wore a grey linen faille suit trimmed in white with black accessories and a red carnation corsage.

Mrs. Birdwell, mother of the bridegroom, wore a navy blue sheer with white accessories and a white carnation corsage.

Immediately following the ceremony the bridal party was honored with a reception. The two tiered wedding cake surmounted by a miniature bride and groom was served from an attractively appointed table centered with an arrangement of green and white carnations.

For a wedding trip to Carlsbad and other points in New Mexico the bride traveled in her wedding suit.

The couple is at home at 610 B 14th Street.

Mrs. Birdwell graduated from Canyon High School and is a junior student in West Texas State where she is a member of the Buffalo Band and Tau Beta Sigma.

Mr. Birdwell graduated from McLean High School, is a student at West Texas State and a member of the Buffalo Band.

Umbarger News

Ronnie Haschke, son of the Lee Haschke's, was honored with a party Sunday, June 6, on his birthday. Guests were Billy Ray Albracht, Marvin Batenhorst, Bernard Buecker, Michael Raef, Frankie Friemel, Stevie Wieck, and the honoree. Mr. and Mrs. E. J. Friemel, grandparents of Ronnie, also attended.

Elizabeth Ann Beckman, who attended St. Scholastica's Academy in Canon City, Colo., is home for the summer.

Jimmy Janssen, a student at Sublaco Academy, Sublaco, Ark., is home from school.

Pfc. Robert Brockman, son of the George Brockman's, is home on leave from Ft. Hood. He will be here until June 21.

Mary Lou Conrad, Amarillo, visited her cousin, Mrs. Vincent Ramackers, and family from Tuesday until Friday of last week.

Visitors in the Mat Albracht home Sunday evening were Mr. and Mrs. Harvey Artho and family, Mr. and Mrs. Geo. Brockman, Mr. and Mrs. Alfred Pohlmer and son, Mr. and Mrs. Eugene Frische and son, and Mr. and Mrs. Ray Gerber and family.

Mr. and Mrs. Cecil Black went to Cotwell Thursday evening to take his aunt, Mrs. Bill Rollins, home. They returned Friday.

Mr. and Mrs. Marvin Smith, Brownwood, are visiting their nephew, Chuck Majors, and Mrs. Majors.

Mrs. Ted Klueskens, De Pere, Wisc., left Tuesday after visiting her son and family, the Carl Klueskens, and her brother and family, the W. P. Janssens.

Misses Mary Janssen, Bernice

Grabber, and Betty Hoffman left Sunday for College Station to attend the Texas 4-H Round-Up.

Mr. and Mrs. E. J. Friemel visited in the Ben Koch and Ben Buecker homes on Sunday.

FOREIGN TRADE

Exports from the United States to Soviet-bloc countries rose \$680,000 in 1953, due mainly to larger shipments of tobacco to East Germany, according to the Commerce Department. Imports from Communist lands dropped \$21,714,000 in the same period because of the ban on trade with Communist China.

ADJOURNMENT

Congress is said to be ahead of schedule on regular appropriations bills, making the chance for adjournment by July 31st probable.

AIRPORTS

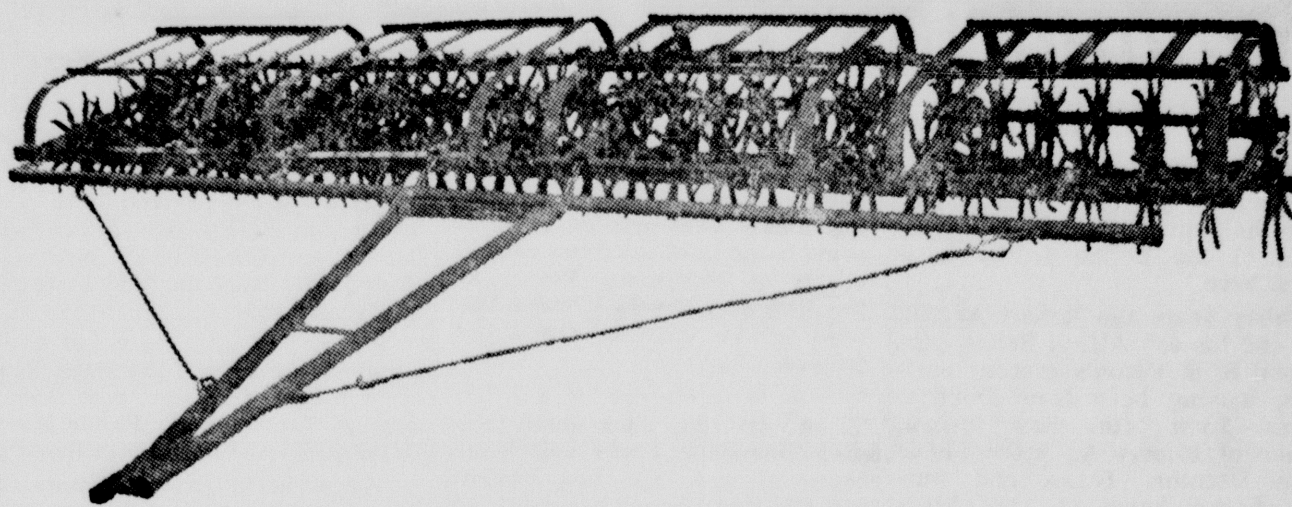

Although more than \$400,000,000 has been spent on airport facilities in the past ten years, the six-fold increase in airline passengers during the period has far outstripped accommodations, according to a recent survey.

MERCHANT MARINE

Secretary of Commerce Weeks has recently declared that it is the policy "of the Eisenhower Administration to maintain a merchant marine adequate for the national security and commercial needs" of the country.

PAPER USE

The Government has announced a decision to reduce the number of the different types of duplicating machine paper used by governmental agencies from 172 to 17. This reduction should result in a saving of up to \$1,000,000 a year, according to General Services Administrator Edmund F. Mansure, who failed to state just why even 17 different types of duplicating paper are needed by the agencies.

Buy, Build, Live in Canyon!

COAL CRISIS

Coal mine operators, at an emergency meeting held in Chicago recently, warned the Federal Government that it must not "remain blind" to the plight of the coal industry. They said that 100,000 coal miners are now jobless and that hundreds of mines had been closed.

A more favorable attitude toward Washington's views on the Indochina question reported growing in India.

VOTING AGE

The Senate rejected, by a vote of 34 to 24, President Eisenhower's plan for a constitutional amendment lowering the voting age from 21 to 18. The vote was far short of the two-thirds majority needed for a constitutional amendment. All of the 24 negative votes were cast by Democrats, most of whom contended that the plan violated states' rights.

CANYON DRUG

Around the Town...

(By Mrs. Clyde W. Warwick)

Canyon is a young town, organized only 69 years ago, but in less than half that time five generations of the Bellah family have lived here.

Thirty years ago Robert A. Bellah and his son Alfred Bellah purchased S. B. Orton's grocery business, moving here from Dundee, Texas. Soon after Sam Bellah, father of Robert A., moved here from Decatur, Texas, and purchased the home at 1219 Fifth Avenue where Mrs. Alfred Bellah lives now.

As soon as they were old enough Mr. Alfred's three sons, J. C., Robert and Mac, began helping in the business. Later J. C. and Robert were partners with their father until J. C. went into ranching and farming. Today Robert operates the business hoping that his sons Robert M., 11-years-old, Craig, 8, and Michael Dean, 5, will, as soon as they are old enough, help him in the business.

Mrs. Alfred Bellah is the daughter of Mr. and Mrs. J. M. Craig who moved to Canyon in 1902 from Greenville, Texas. There are four generations of the Craig family living in Canyon.

Mr. and Mrs. Alfred Bellah have five children, three of whom live in Canyon: Mr. and Mrs. J. C. Bellah and their daughter Anna Jaycene, Mr. and Mrs. Robert Bellah and their four children; Robert M., Craig, Michael Dean, and their daughter Deborah Lynn; Mr. and Mrs. Elsworth Barnard and their sons Rob and Kent; Mr. and Mrs. Tom Keeling and their son Keith who live in Eunice, New Mexico, and Mr. and Mrs. Mac Bellah who are at Randolph Field, San Antonio, Texas, where Mac is with the Air Force.

When J. C. was born he had 12 living grandparents all of whom were native Texans.

Twenty-four members of the Bellah family have lived in Canyon in the last 30 years and 14 are living here now. In these years they have contributed of their ability and their means to the building of this community. Their unflinching friendliness and courtesy in business, religious, and social activities have meant much to all who have known them.

Mrs. Tom Brasher has two of her sisters visiting her over the week-end: Miss Vern Jordan of Austin and Mrs. Ed Goddard of O'Donnell. Tuesday, all three of them went to Rising Star to visit with their sister Mrs. John Vermillion.

Mrs. Tom Keeling and son Keith of Eunice, N. M., are spending the week with her mother, Mrs. Alfred Bellah, and her family.

Mr. and Mrs. Pete Cavender and Mr. and Mrs. John Gordon visited Mr. and Mrs. Gordon's adopted son, Jay Sanders, in Mississippi. While there they enjoyed fishing in the beautiful

Talahachie river catching many fish. Mr. Cavender caught a 40 lb. catfish. He said the water in this river was 48 degrees and it was a beautiful river.

Mrs. W. A. Warren also has a beautiful bed of coral poppies and farther back in her yard she has a lovely bed of lavender poppies that Mrs. Cecil Briggs gave her the seeds for.

Green is nature's foundation color. There is never a flower that blooms whose beauty is not enhanced by an accompanying shade of green.

I. A. R. Wylie says: "I pray daily, not to be resigned to old age, not to yield supinely to its limitations, but to accept with a cheerful serenity what remains to me of accomplishment and experience."

Lewis Stoelzing, who underwent a serious operation, is doing nicely and will be able to come home in about three weeks. He is at McKinney, Texas, at the Veterans hospital, Ward 106 and enjoys cards from his friends.

There are many new small trees being introduced that are lovely shades of red. Dr. Ina Barlow, 2506 6th Ave., has a beautiful red plum tree. Levi Cole, 810 12th St., has an All Red Plum tree that bears delicious fruit when we have a fruit year and is a thing of beauty.

Did you ever notice how long a dish will last after it's cracked, or how long a sheet will wear after it's mended.

Several years ago I planted some Cosmos. They are a good variety. This year they began to bloom June 8th and they will bloom until frost, but every year they come up all over the place so thick they have to be thinned out.

This year I hired my two grandsons, Arthur and Dennis Haley, age 8 and 6, to pull them for me. Talking with my neighbor Mrs. Rhone Mobley over the fence a few days later she asked me "Did you know what Arthur and Dennis did with your cosmos when they pulled them?" "No," I said. "Well," she said, "they threw them over in my yard and I told them they had to pick them up as soon as they finished pulling all of them. 'Did they?' I asked. 'No,' she said, and that's what you mean when you speak of the spirit of Good Neighborliness.

Carl Sandburg in his book "Remembrance Rock," has his character Bowbong say this as he holds his great-grandchild: "A baby is God's opinion that life should go on. — A baby whether it does anything to you, represents life. — Never will a time come when the most marvelous recent invention is as marvelous as a newborn baby. The finest of our precision watches, the most supercolossal of our supercargo planes, don't compare with a newborn baby in the number and ingenuity of coils and springs, in the flow and change of chemical solutions, in timing devices and interrelated parts that are irreplaceable. — Before man learned how to make a fire, how to make an alphabet, how to make a wheel, he knew how to make a baby — with the help of woman and his God and Maker."

Mrs. J. F. Matthews, who lives on a farm close to Dawn, has a large bed of asparagus from which she puts up many gallons in her deep freeze. She puts this asparagus up in glass jars, every stalk the same size and has it in the freezer in less than an hour from the time of picking. It is delicious, better, if anything than fresh. Thanks Mrs. Matthews for the jar you sent me.

Mrs. Victor Hill, 2401 6th Ave., has a beautiful bed of poppies in full bloom now.

Why doesn't Canyon have a garden club? It would be nice for those interested in pretty places to meet, at least once a month and discuss flowers and lawns. There are many pretty places in Canyon and it would be interesting to know how some succeed, and exchange ideas.

"Wherewithal shall a young man cleanse his way? by taking heed thereto according to thy word." Psalms 119:9.

DAIRY PRODUCTS

Despite Secretary of Agriculture Benson's action reducing dairy price supports, the department reports that milk production continues to run ahead of a year ago. The April production of milk exceeded by four per cent the record set in April of last year.

TOO REAL

Two men, strangers to each other, happened to be wandering farther and farther down the darkening corridors of an ancient picture gallery. One of them shivering slightly, said:

"Rather spooky, isn't it?"

"Do you believe in ghosts?" asked the other.

"No," said the first speaker, "do you?"

"Yes," said the other — and vanished.

Gary Cooper, when asked most important element in a movie: "Action, characters, romance, background — everything is meaningful without suspense of outcome."

Dr. Kieffer D. Davis, medical director for an oil firm: "When a person dislikes his job, or finds it monotonous, he'll find reasons to stay away even if he has to feign illness."

Revised editions of the Holy Bible, leather binding, \$10; cloth binding, \$6; at Warwicks. tf

Secretary Benson Approves Storage Wheat on Ground

WACO. The Texas Farm Bureau has expressed appreciation to Secretary of Agriculture Ezra Taft Benson for the USDA's approval of distress loans on wheat stored on the ground.

Approval of such loans has been a major objective of the state farm organization for the past three months, President J. Walter Hammond said in a telegram to Benson.

"We wish to express appreciation for your action which will help alleviate storage space shortage and assure higher prices to wheat producers," Hammond said.

The USDA has announced that limited price support recourse loans for a temporary period will be made to wheat farmers where regular storage facilities are not available, and where it is feasible to store on the ground.

Reports from some plains states indicated that a shortage of storage space was likely, and that farmers might not have been able to put their wheat under the regular price support loan program. As a result, they might have been forced to market their wheat prematurely with an adverse effect on market prices.

Hammond, who originated the idea of storing wheat on the ground in 1949, has been negotiating with officials in the Department of Agriculture to obtain approval of such loans again this year before harvest time. Last year, the Department did not announce such loans until after harvesting was under way.

The distress loans on the 1954 crop will be at 80 percent of the applicable price support rate where the wheat is located. The special loans will run for a 90-day period. During this time, farmers will be expected to provide adequate storage. They will then be able to take out a regular price support loan at 90 percent of parity.

ST. LAWRENCE SEAWAY

Congress has passed and President Eisenhower has signed the St. Lawrence Seaway bill, which measure sets in motion a plan to bring ocean trade into the heart of the American continent. The President said the signing culminated 30 years of effort to put the bill through Congress.

NEW NAVY FIGHTER

McCrerey Brought First Gasoline Burning Tractor to the Panhandle

John Wilbert McCrerey, 80, lives quietly in Canyon now, but when he takes time out to think back he recalls days as a cowboy on the open range of the west, and the excitement he created when he brought one of the first internal combustion tractors to the High Plains.

McCrerey was born Sept. 12, 1873, on a ranch in northeastern Kansas.

"My parents were with the first settlers to go into that part of the country," he said. "Our ranch was in the original Kickapoo Indian reservation." He added that the family home really was a cattle farm rather than a ranch. His father died when he was three years old and his mother reared her three children and ran the farm.

"By the time I was five years old, I was helping with the milk cows and things like that," McCrerey said.

McCrerey went to a one-room district school, then to the Topeka Business college, now Strickler's Business college. From there, he progressed to Spalding Business college in Kansas City. At both colleges, he studied bookkeeping and accounting. He transferred to Zanerian Art college in Columbus, Ohio, where he studied commercial art.

The lure of the cattle business took McCrerey back to his mother's farm after his sessions at colleges, and from there he drifted out "onto the range."

"We had Indians around us all along, but they were Kickapoo, Sac and Fox, too smart for going on the warpath," McCrerey said. "I knew many of the oldtimers among the Indians very well."

Asked what his first job on the cattle range was, he explained it was "keeping out of sight of the boss 'til I got the hang of things. Open range work is different from anything else. I was a cowboy, a common cowhand, but we shifted around so all of us did various kinds of jobs, when we were needed."

That first job was with the F Triangles, he said, a big rancher with cow outfit headquarters at Shelby Junction and main ranch headquarters on Sun river near Great Falls, Mont.

"We worked north from Helena into Canada and from the main range of the Rockies east to Bear Paw Mountains," he said, pointing out that there was a vast difference between working on a ranch and on a range.

"On a ranch, a cowboy rode within a limited leased or owned area," McCrerey said. "A cowboy on the range followed cattle wherever they roamed, so he covered a lot of territory."

McCrerey's last job with the F Triangles was riding the international boundary between the United States and Canada, ostensibly to prevent cattle from being run from one country to another. McCrerey said the raiders really didn't bother too much about the boundary. That was about the turn of the century. On that job, he worked with the Northwest Mounted Police, representing the F Triangles. His partner on the patrol was Con Price, a good friend of the famous Western artist, Charlie Russell.

Another artist, William Standing, was a friend of McCrerey. Recently, the late W. A. McClammy of Popular, Mont., sent McCrerey a pair of line drawings depicting a predicament into which McCrerey got himself while he was working for the F Triangles. McCrerey mounted his horse to "ride over to visit a pretty young school mar'm." His horse threw him and he lost his hat and sixshooter. The ribbing he took from his friends impressed the event on the minds of all. Standing recalled it so vividly that he drew the pictures 40 years later.

From the boundary-patrol job, McCrerey returned to his home in Kansas to help his mother, whose health had failed. On April 8, 1903, he was married in Pawhattan, Kan., to Grace Rife, who died in 1946.

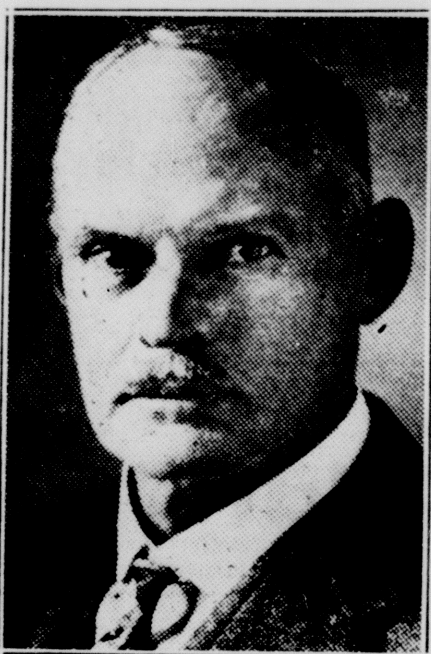

The young couple stayed on the cattle farm until the winter of 1908, when they sold out and came to the Panhandle. They bought a ranch at Wayside, the Muleshoe ranch, and McCrerey and his late brother-in-law, Dan L. Adams, ran Hereford cattle there for 20 years.

The first tractor to come to this section of the High Plains arrived with McCrerey.

"It was a Hart-Parr gasoline tractor, one of the first internal combustion engines built," McCrerey said. "Two others brought in tractors about that same time, but mine was the first in this part of the country. It was big, rough, crude, and hard to handle, but it paved the way for future tractors. They told me when I bought it that someone had to buy those big ones, even though they were hard to handle, in order for the company to have money to perfect better tractors."

McCrerey raised a wheat crop, a small one, his first year at Wayside with that tractor.

"People came from miles around to see it," he said. "It had a 22-

J. W. McCREREY

horse engine, weighed about 20,000 pounds, but it was almost as economical to operate as the tractors in operation today."

For 35 years, McCrerey was in the cattle auctioning business. People who worked with him say he was an exceptionally good auctioneer. McCrerey said he decided about six years ago to quit auctioning.

"We had a good auction down at Vigo," he said. "My daughter Ruth, was my helper. When the auction was over, I said, 'Well, we had a good auction. Everybody's satisfied. Why don't we quit while everybody's happy?'"

So he quit. Now he gives his time to his hobby of woodworking. His daughter, Ruth, Mrs. Richard Gidden, and her husband live with him.

Another daughter, Marvelle, is now Mrs. H. C. Long of Canyon, and Miss Osce McCrerey lives in New York City, where she does recreational supervising. McCrerey's home is ornamented with many handcraft items given him by his daughter, whose name is derived from that of the Indian, Osceola.

McCrerey said "the last mean thing I did in Kansas" was to run for the state legislature. He was beaten by only a few votes, and the winner, W. P. Lambertson, subsequently spent 16 years in Washington.

"He beat me just a little. Just

Don't Pick Him Up

enough to get into office," McCrerey jokes. "I was pretty well satisfied, because I didn't want to do any of that kind of business myself." Some friends had nominated him for the office when he was out of town he said.

In McCrerey's living room is a massive oak table which he made, and a desk of oak is in the dining room. All his bedroom furniture except the dresser is his own handiwork.

His friends smile over his favorite joke. He tells them, "If you won't tell anybody how I did it, I'll show you something." He brings out a globular bottle with a narrow neck. The neck of the bottle is stopped up with a nicely-carved oak peg. At the base of the peg, within the bottle, a cross-piece is lifted into the peg. In one end of that cross-piece, a smaller peg is fitted. "You won't tell anyone how I did it, will you?" McCrerey asks. So far, none of his friends has been able to tell anyone.

McCrerey has a booklet of cowboy rhymes he has written from time to time. A sample:

"Like the old-time kerosene lamp
"I am not so very bright.

"I've been turned down many times,

"And I sometimes go out at night.

"But one thing I am truly thankful for,

"And this really is no joke,
"For unlike that old-time family lamp,
"I have never learned to smoke."

WHEAT CROP

Despite drought in some areas and Government crop restrictions, the 1954 production of winter wheat is estimated at least 707,000,000 bushels, an increase of 29 million bushels over the Agriculture Department's April estimate. While no official forecast has been made on spring wheat, a planting survey has indicated a crop of at least 225,000,000 bushels. The combined winter and spring crops would thus be 932,000,000 bushels, around 50 million bushels more than the markets will take. This extra 50 million bushels, added to a record carryover of 875,000,000 bushels from past crops, makes up an almost unwieldy surplus.

BANK EARNINGS

The nation's insured commercial banks had their first billion-dollar-profit year in 1953, according to the Federal Deposit Insurance Corporation. The 13,432 commercial banks whose depositors are insured by the F.D.I.C. had net profits of \$1,026,000,000, which was four per cent higher than in 1952.

Be proud of Canyon — Clean Up; Paint Up; Modernize!

BEWARE!

WATCH OUT FOR THE FAST TALKING SALESMEN

Every year about this time, out-of-town roofing, siding and paint salesmen make their appearance in this territory. Your lumber dealer, or local workman, can tell you what will happen next! People complain about being charged outrageous prices for inferior materials and poor workmanship. So we issue this friendly warning; be on guard against hit-and-run selling tactics . . . don't be high pressured into buying a roof, siding or paint job at double regular prices . . . above all, get a quotation from your local lumber dealer . . . before you buy. Your favorite workman, or lumber yard will be happy to give you an estimate without cost or obligation.

THIS IS WHAT YOU SHOULD KNOW

Roofing and siding is figured and sold by the square (area equivalent to 10 x 10 ft.)

Roofing and siding is packed in bundles and the number of bundles required to cover a square depends on the grade and type considered.

You should know the number of squares in your walls or roof.

You should know the brand, grade and weight of material involved.

You should know if the color of the shingle has been discontinued by the factory; and if the siding happens to be factory second.

You should know what materials are used in a roof paint.

AND ABOVE ALL

You should know definitely where this super salesman can be found one month or one year from now.

Fortune Teller — You have the gift of oratory. When you speak I should imagine people listen open-mouthed.

Client — That's right; I'm a dentist.

John Foster Dulles, Secretary of State: "Basically the present conflict between freedom and despotism is a conflict between a spiritual and material view of the universe and of the nature of man."

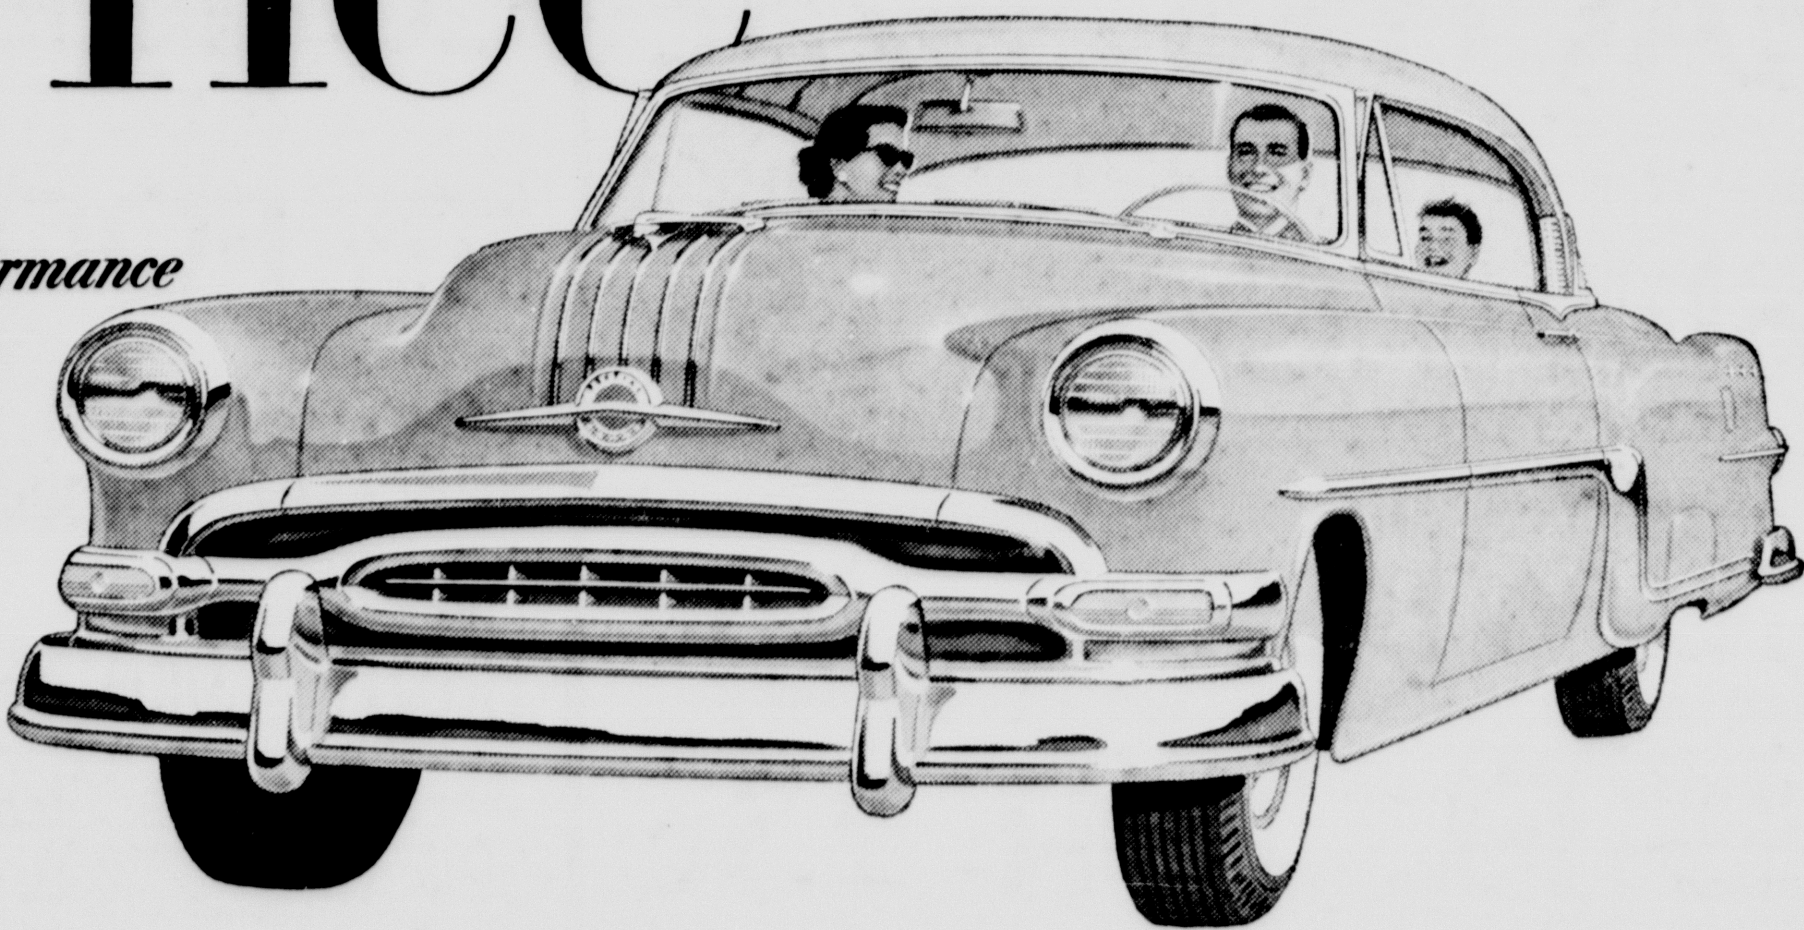

Lowest Price

Big-Car Luxury and Performance at the Lowest Price of all

The closer you compare values the more certainly you'll see that Pontiac is far and away the standout buy on automobile row.

In size and weight alone Pontiac offers you more car per dollar than a like amount ever bought before. And that's important, because that long wheelbase is the reason for comfort, riding ease and roadability unapproached within hundreds of dollars of its modest price. On the road a Pontiac is always restfully smooth, steady and quiet. Your hands on the wheel are free of jarring road shocks. You round corners on an even keel . . . cruise without tiring for hours on end.

And along with these big-car features you get remarkable savings. Economy is, of course, exceptional. First cost is the least for any big, luxury automobile—within a few dollars of the lowest-priced cars. Our trade-in appraisals are notably large and Pontiac's resale value ranks with the highest in the industry. Come in for the facts about today's most startling value.
